QUEEN ANNE COUNTY FARM FOR SALE

I have in my hands for sale, a splendid 340 acre farm, 7 miles from Centreville, and one and one-half miles from a good R. R. station. This farm lies in the heart of the best trucking belt of Queen Anne, and is surrounded by canneries of reputation. About 70 acres in good timber.

Price $18,000.00 if sold this month, about 75 acres in wheat and I can give landlord's possession at once, and tenants possession Jan. 1st. Any one interested and want to take a look over this farm, and will write or phone me I will meet them in Chestertown or Centreville and show them over the place.

WHAT BECOMES OF SUGAR

A telegram from Philadelphia dated May 10, says: Sugar accumulations in local refineries are being exported not only to England and France but also Norway, Turkey and Greece.

The British steamship River Araxes sailed last week with 3,360 sacks of granulated sugar for Salonica and 4,480 sacks and 1,990 barrels of the same grade for Constantinople.

The Norwegian steamship Bessenger cleared for Christiana with 17,880 sacks of the best granulated product, and several other steamers are under charter to load for foreign account with the same kind of cargoes.

The imports of raw dutiable sugar since January 1 has been 553,175,200 pounds and the work of discharging 110,700,000 pounds was under way yesterday under customs supervision. Since January 347 vessels have arrived from Cuba with raw sugar.

Ten steamers have been chartered to load Java sugar at Batavia for the United States, the port of delivery not yet being named. This sugar has been in warehouses for several years, due to the world war.

ONE HOUSE, WHY NOT ONE CAR?

Harry B. Harper, President of National Auto Dealers, Says Sedan Is 365-Day Car.

WHEN IS A TOP DOWN?

Question Lends Interest To Beautiful Overland Display Of Sedan With Triplex Springs.

Harry B. Harper, of Philadelphia, president of the National Automobile Dealers' Association, has a vivid and interesting statement in regard to the present trend toward Sedan-type motor cars. Mr. Harper says:

"A house with a canvas roof is a little better than a tent, but not much The average man doesn't buy one house for winter and another for summer. He makes the one house do all seasons for himself and family.

"The first motor car buyers bought cars without tops, paid extra for them and seldom used them. The motor car rider took everybody's dust, for he had no protection. The top was only for a rainy day and invariably he got wet for the rain does not always advertise its coming. Even when it does it is human nature to wait until the last minute.

"It is a question whether any motor car owner drives with the top down more than five per cent of the time. Why then use a temporary cover permanently?

"There is no argument against enclosed cars for winter. Everyone admits their superiority. There may be a few occasions during the summer when a car with the top down is desirable. Supposing there are ten such occasions. That's 355 against ten.

"A Sedan keeps out heat and cold, dust and rain, wind and bugs. The ordinary top keeps out some of the rain. A Sedan top looks good all the time. A touring car top looks best when it is folded up and covered."

An interesting window and store display of the Overland Sedan is being held this week at the store of John H. Clendaniel, Jr., Overland dealers, at 205 Cross street. This is Sedan Exposition Week throughout the Willys-Overland organization in the United States.

"The Overland Sedan's vogue," says Mr. Clendaniel "is based on the fact that it has the Overland Triplex Springs which enable the car to ride comfortably on the worst roads; it is a light car of exceptional economy. It will take its owner and his passengers in enjoyable smooth riding comfort anywhere wheels can find traction, on or off the beaten path. The Sedan weighs only 200 pounds more than the touring car."—Adv.

SALVATION ARMY HOME SERVICE APPEAL

The Nation Wide Home Service Appeal of the Salvation Army will be made to the people of Kent county this month. This is a most worthy cause and one that will appeal to every citizen of Kent uconty. We have come to know and appreciate the Salvation Army as never before because of its work in the recent World War. The wonderful service it rendered to our boys "over there;" the great uplift work that is today being carried on here "at home;" the devotion of the Salvation Army lassie to the work of rescuing and helping unfortunate men and women, despite hardship, fatigue and actual danger—all this splendid work appeals to the heart of the American people.

These heroic workers in the cause of right and humanity receive no Croix de Guerre, or other decoration nor do they seek such recognition but still they battle on against every form of human woe. At home as abroad nothing daunts the Army lassie—no task is too hard; no duty too dangerous, no way too dark; no climb too steep. To help and to save—this is the work to which her life has been dedicated.

Former Secretary of the Interior Department, Franklin K. Lane, who is the National Chairman of this appeal, in referring to the work that the Salvation Army is doing says: "Theirs is a glorious work. There can be none nobler. To be a party to such work is an honor in which everyone can share by gift if not in person. If we were not all made to do this kind of work then the teaching of nineteen hundred years has been in vain."

The Army does a work that no other religious organization is doing and unless we contribute the funds this work must suffer. Let us all do our duty. The apportionment for Kent county is but $1,750.

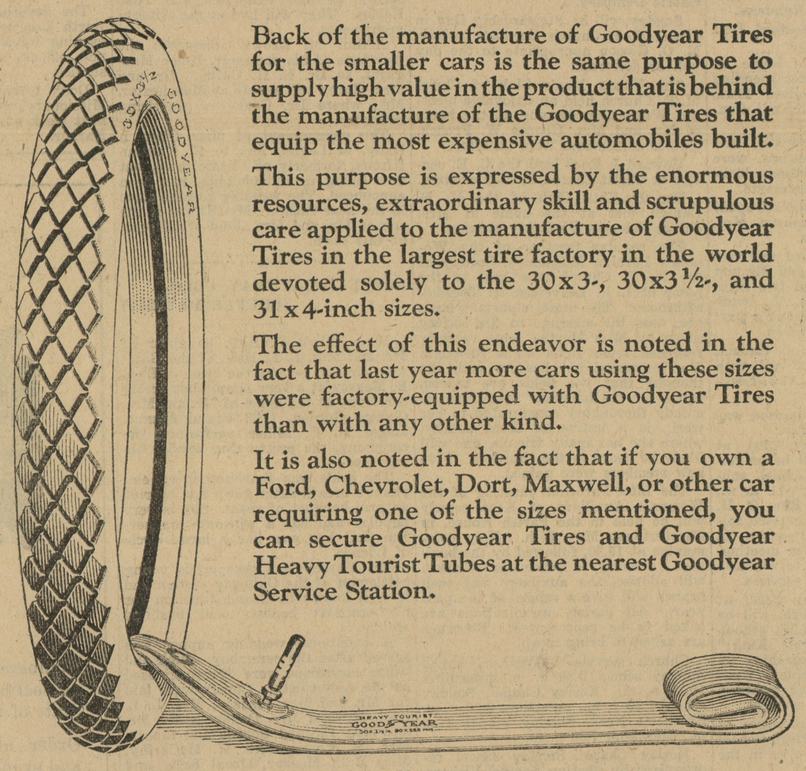
Big Value in Tires for The Smaller Cars



Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $4.50
