Mr. Covey would make an ideal lecturer before our institutes in Maryland. His experience is of the practical kind which, if followed, would mean much to our farmers.

Attention, Farmers!

Having just received a carload of the old reliable CHAMPION BINDERS, MOWERS and RAKES and being advise by manufacturers that another invoice is doubtful, and if so, at about 15 per cent advance. We would advise an early order. This machinery needs no boosting as it is too well known on this market. So we advise all who are in the market for them and our other well famed machinery to give us our earliest favor.

JULY FOURTH BASE BALL

Lovers of baseball in Chestertown Monday saw our local team play two games with Cambridge on the College field, and win both. About 400 people attended each game. The day was ideal, the grounds perfect and Chestertown in the pink of condition.

Chestertown won two games from Cambridge Monday, 14 to 5 and 13 to 0. In the first game Gordy fanned 11 men in seven innings, Blackway relieving him in the eighth. In the second contest Wright performed the remarkable feat of allowing but 27 batsmen to face him. Three reached first, but were all thrown out at second attempting to steal. Scores:

Chestertown lost to Centreville at that place Saturday by the score of 13 to 10. Gordy was not at his best and the Queen Anne's boys hammered him out of the box in the third frame, Wright finishing the contest.

On Saturday, July 10th, the Elkton team will be seen on the local field. It will be remembered that in Chestertown's first game of the season, Elkton held them to 1 to 0 score. This should be a good game as Elkton has some of the best material in the game.

COX'S POSITION ON THE VOSTEAD ACT

A letter written by Gov. James M. Cox, of Ohio, Democratic nominee for president, to John H. Pollock, a Kansas city attorney, stating his position on law enforcement was made public by Judge Pollock Tuesday. The letter, dated Columbus, O., June 23, 1920, was sent in response to an inquiry from Pollock. It says:

"I have read your letter with interest. The question before us now is law enforcement. As the Constitution and statute stand, they expressed the mandate of the people and must be respected by public officers and citizens as long as they remain. There is no difference between neglect of the law by public officers and an attack against our institutions by the Bolsheviki. We contend, and properly so, that there is no need of revolution in this country because we have the governmental facilities to change the existing order by rule of the majority but we can hardly create the proper attitude among aliens, unaccustomed to our ways, if public officers close their eyes to their oath and obligation."
