Help your Moulters Moult

Moulting time is the time that a hen needs assistance. It is the off-season in the life of the hen.

Think of the amount of a hen's energy, vitality and red blood that's required to reproduce a thousand feathers! (which is only an average plumage).

A moulting hen needs good health, good appetite and digestion. That's just what Poultry Pan-a-ce-a does for a moulting hen—gives her appetite and good digestion, so that she'll eat more and digest more.

Dr. Hess Poultry PAN-A-CE-A

Helps your poultry through the moult. And starts your pullets and moulted hens to laying.

It contains Tonics that produce appetite and good digestion—Tonics that tone up the dormant egg organs—Iron that gives a moulting hen rich, red blood and a red comb. It contains Internal Antiseptics that destroy disease germs that may be lurking in the system.

No disease where Pan-a-ce-a is fed

Pan-a-ce-a helps your poultry to stay at par during the moult. They don't become run-down, pale and thin.

"HOW WELL YOU LOOK!"

When Your Blood is Rich and Red People Notice Your Good Health

PEPTO MANGAN BUILDS HEALTH

Pale Face, Dull Eyes, Drooping Shoulders. Result From Clogged Blood

If your blood is in bad shape it shows up in your looks and feeling. When your blood is rich with red corpusles your color is better—your lips are red, eyes wide open and bright; your good feeling shows in your actions.

Common sense will tell you that if weak, thin blood makes you look lifeless, it lowers your vitality. If your vitality is low you have little power to resist disease germs. Men, women and children with rich, red blood are able to fight off the germs which bring severe illness.

When you feel run down and weak, with no appetite and no ambition, take Pepto-Mangan for awhile. It is a great blood building tonic. You should begin to feel better within a few days.

Pepto-Mangan is put up in both liquid and tablet form. Take either kind you prefer, because they have the same medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. Advertisement.

INSTRUCTIONS TO VOTERS

1. To vote. Enter room, step up to guard rail, give name and registered residence to the Judges. Wait until your name is found upon the registers, then get ballot from the judge in charge of the ballots. See that he has written your name and number on the coupon attached to the ballot and his own name or initials on the back of the ballot itself.

2. Upon receiving your ballot retire to one of the booths or compartments and prepare your ballot by marking with an indelible pencil after the name of every person, or persons for whom you wish to vote, and to the right thereof, in the blank space provided therefor, a cross-mark, for example (X); and in case of a question submitted to a vote of the people, by making likewise in the appropriate space a cross-mark (X) against the answer you desire to give.

In voting for Presidential Electors, you may either make a cross mark (X) in the square opposite the name of each one of the persons, (not more than 8 in number) for whom you wish to vote, or you may vote for the 8 candidates for Presidentian Elector of any political party, by making your cross-mark (X) in the square opposite the surnames of the candidates of the party of your choice for President and Vice-President.

If you wish to vote for some one whose name is not printed on the official ballot (you can write the name of such person in the blank space on the ballot) provided for that purpose and place the cross-mark opposite such name in the blank space provided therefor.

3. In marking the ballot you may take with you into the polling place any written or printed memorandum or paper to assist you in preparing your ballot, except a facsimile of the ballot ot be voted. You must prepare and deposit your ballot without undue delay. Before coming from behind the curtain in front of your compartment you must fold your ballot in the same way as it was folded when you received it, so that the marks which you have made upon it shall be entirely concealed. You then hand your folded ballot to the judge at the ballot box, give him your name and registered address and wait until he tears off the coupon containing your name and number, and strings it, and deposits your ballot in the ballot box. You must then leave the polling room and cannot again go behind the guard rail during the day.

4. A voter must not go in any compartment occupied by another or converse with any other voter while engaged in a compartment, nor can he occupy a compartment more than seven minutes if others are waiting.

5. You must not take any ballot outside the guard rail. If you spoil a ballot you must deliver the spoiled ballot to the judge in charge of the ballots and receive another from him. If you spoil three ballots you lose your vote.

6. A voter who is physically disabled from marking his or her ballot must make affidavit to that effect if he or she desires assistance. The two polling clerks, after such affidavit has been made, can accompany him or her into one of the compartments and there mark his or her ballot as he or she instructs them, marking only the names of the candidates whom he or she shall name. The clerks are not allowed to read the ballot to him or her.

7. Any voter who shall allow his or her ballot to be seen by any person with the apparent intention of letting it be known how he or she is about to vote; or who shall place any distinguishing mark upon his or her ballot, or who shall make a false statement as to his or her inability to mark his or her ballot, or any one who shall interfere or attempt to interfere with any voter when inside the enclosed space in the polling room, or when marking his or her ballot, or who shall endeavor to induce any voter before voting to show how he or she marks his or her ballot, shall be punished by a fine of not less than five ($5.00) dollars nor more than one hundred ($100) dollars, or by imprisonment in jail for a period not exceeding sixty (60) days, or by both fine and imprisonment; in the discretion of the Court.

A LETTER FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to be on my feet but very little and could not do my housework at all. I had a bad pain in my left side and it would pain terribly if I stepped off a curb-stone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt relief after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could wish. About a year later I gave birth to a ten pound boy, and have had two more children since and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—MRS. EVA E. SHAY, Garnett, Kansas.

Will sell your property on a small commission or for a stated amount. Let me list your house or farm.

declares Mrs. Ann[illegible] of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

Thedford's BLACK-DRAUGHT

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Thedford's.
