AUTO FATALITIES SHOW INCREASE IN STATE THIS YEAR

'Speed Is Blamed For Majority Of Deaths

"I realize that during the summer months we use our cars for vacation trips, drives to the beach or other places of amusement", said Commissioner of Motor Vehicles W. Lee Elgin." "Be sure to allow enough time to reach your destination safely and do not try to make time by speeding or cutting in and out of traffic.

The records of the SAFETY DEPARTMENT of this office reveals that the first six months of this year has ended with (15) more deaths than the corresponding period of (1938) as the tabulation below will indicate, an INCREASE of 88.6 percent. There were nine more deaths for the month of June this year, over the same month of 1938.

According to our summary (12) or 34 percent of the persons killed were pedestrians. Of this number there were (4) children, (2) playing in roadway, (1) stepping from in front or behind vehicle, and (1) crossing not at intersections. Of the Adult pedestrians killed, (2) were walking in road left side against traffic, (2) walking in road, right side with traffic, (1) hitching on vehicle, (1) stepping from in front or behind vehicle, and (2) crosing not at intersection. Thirteen or (37) percent were passengers, two or (6) percent were bicyclists, and eight or (23) percent were the operators themselves.

Most of the accidents occurred on straight road, and curves, on clear days, dry-concrete roads, and during the hours of (11 P. M. and 12 midnight). Sunday had the largest number of deaths with nine (9). A majority of these accidents can be attributed to operating too fast for conditions, with various other violations, in passenger cars with no defects, operated by White, Normal Males, between the ages of (20-29) with five years or more experience, and a resident from the Counties of this State. There was one Hit and Run case in Baltimore City, which operator was later aprehended by the Baltimore City Police and held for action of the Grand Jury.

Baltimore City is charged with (9) accidents involving (9) deaths, with (23) accidents in the Counties involving (26) deaths.

Child Dies At Easton Hospital

Harold Edwin Welch, 2 year old son of Mr. and Mrs. Calvin Welch, of Queen Annes County and grandson of Mr. and Mrs. Raymond Younger, of Chestertown, died at Easton hospital on Wednesday. Besides his parents he is survived by two brothers.

Funeral services will be held today, Saturday, at 11 a. m. with interment in Church Hill cemetery. Ralph H. Usilton Funeral Service is in charge of funeral arrangements.

Mohammedan Worship

Music plays no part in the typical religious service of orthodox Mohammedans. Every man professing Mohammedanism, or Islam as it is known to its adherents, is required under ordinary circumstances to perform divine worship five times every day. Only on the Sabbath is it required that the daily religious ceremonies be performed in a mosque. The mosque service, like private prayers, is not performed under the direction of a priest. It consists of various recitals, ejaculations, ablutions and physical exercises on the part of the worshiper. Women take no part in the formal religious services in Islam.

'Sky Dance' Is Tops

The "sky dance" of the woodcock is probably without parallel in all nature. A peculiar burred note announces proximity of a courting male bird. The calls are repeated at regular intervals. Presently they will give way to a musical twittering sound. The bird will then circle to 100 or 150 feet, twittering. The twittering will grow louder. The bird is plummeting to earth and will pitch at almost the identical spot he took off. Then the entire performance will be repeated.

COLONEL PHILLIPS TO HANDLE FOOD FOR EXHIBITION

Shore Canner Appointed By Admiral Byrd

That the Delmarva Peninsula will play an important role in the new United States Government Expendition to law claim to approximately 675,000 square miles of new territory in the Antarctic, was revealed this wee kwhen Rear Admiral Richard E. Byrd was designated by President Roosevelt to head the expedition, and promptly enlisted a well known Eastern Shore business man as one of his most important aides.

Immediately following his selection at a White House conference, Admiral Byrd's first official action was the appointment of Colonel Albanus Phillips, President of the Phillips Packing Company, Cambridge, Maryland, as Food Counselor of the Expendition.

Taking only sufficient time to receive the hearty congratulations of govrenment officials, department executives an dother capitol dignitaries, Admiral Byrd wired Colonel Phillips as follows:

"I was today appointed to command the United State Government Antarctic Expendition. The first thing I am going to do is appoint you food counselor for the undertaking—a position of utmost importance and responsibility for which your nearly fifty years of experience in foods so eminently fits you. I sincerely hope you can honor the expedition by accepting this designation. The warmest personal regards."

The telegram announcing his appointment was delivered to Colonel Phillips when he returned from a week-end cruise on Chesapeake Bay, and he immediately wired his acceptance to Admiral Byrd. An early conference will be arranged between Admiral Byrd and Colonel Phillips to discuss plans for provisioning the three ships, headed by Admiral Byrd's flag ship, Bear of Oakland, which will make the trip to Antarctica.

Women in Hall of Fame

Seven women have been honored by election to the New York university Hall of Fame for Great Americans. They are: Harriet Beecher Stowe (1811-1896), author of "Uncle Tom's Cabin"; Mary Lyon, (1797-1849), educator, founder of Mt. Holyoke college; Charlotte Cushman (1816-1876), noted actress; Maria Mitchell (1818-1889), astronomer; Emma Hart Willard (1787-1870), educator and poet; Frances Elizabeth Willard (1839-1898), educator and founder of Women's Christian Temperance union, and Alice Freeman Palmer (1855-1902), educator.

Mint Oils Improved

World production of mint for oil is centered in northern Indiana and southern Michigan. Spearmint is used solely for chewing gum and toothpaste and is grown in only a ninth the volume of peppermint. Cultivated mints produce oil far superior to the oil from wild plants.

STORES TO CLOSE EVENINGS

On and after July 5th the following stores will close every evening except Saturday evening at 6 p. m. during the months of July and Aug.
