IN MEMORIAM

Moffett.—In sad, but everlasting memory of our darling little daughter, Virginia Irene, became a little angel in God's garden March 13, 1920, age 2 years, 2 months, 18 days.

We long for a look on that sweet face,
Deep down in our heart today;
To see once again our darling Irene
Whom God has taken away.
Dancing, laughing, bright and gay,
We could hear her little feet play,
Sleep on little angel and take your rest,
We all loved you dearly,
But God loved you best.
Sadly missed by
Mother and Daddy.

In sad remembrance of our daughter, Lillie G. Williams, the daughter of Abbie A. Williams and Carroll W. Williams, who departed this life February 28, 1921. Died after a long illness of pneumonia, age 1 year 5 months and 19 days. Gone but not forgotten.

How we miss our darling Lillie;
How our hearts do ache;
But we live in hopes we shall be with her again.
God wanted one more angel to assist his shining band
And so he bent with loving smile and clasped our Lillie's hand.
By Mother and Father.

Sleep on dear sister, sleep.
Tis hard to give you up,
But know best and we will have to give you up.
We miss your kisses and your smiles,
But God knows best and we will have to give you up.
Brother and Sister.

It wasn't.

It wasn't.

A man speeded up to see if he could beat the train to the crossing.
He couldn't.

A man tried to find a more reliable Drug Store than this one.
He couldn't.

Because "every purchase must be right." Every once in awhile someone says, "Why I didn't know you sold that" and we want to laugh, but dare not, for "that" was something we sell almost every day.

We have been invoicing and honest to goodness we are surprised to see how many different items are in our stock.

Many things are not needed very often but they are the ones which are wanted most when they are required. Our aim is to hand to you what you want when you want it. New goods arrive every week Save time by asking us "first" for the unusual article.

Fordson

THE Ford Motor Company have just issued a book called "The Fordson at Work." This book is given free. Call in and get one. If you cannot call, write and we will mail you one without charge. It is not what the Ford Motor Company says about the Fordson Tractor but what the army of users have to say. This book voices the hardest kind of practical experience. It shows in illustration the Fordson Tractor at actual work along some ninety different lines of activity. It shows in these illustrations the wonderful versatility and utility of the Fordson Tractor. Shows it to be, beyond all question, the one bit of machinery that is a necessity, not only on the farm but along many lines of commercial business; especially does it show up the Fordson as a valuable servant on the farm. With it the farmer is relieved of the hard work; because he can take advantage of the weather in preparing his seed bed; he can do it at the right time; the same is true when it comes to harvesting. It solves, to a great extent, the problem of scarcity of labor.

With its wonderful, reliable power, it brings to the farm home all the conveniences, in the way of running water in the house, electric lights, operation of the washing machine, churning, separating the cream from the milk; it assumes and takes to itself the drudgery of farm life both in the field and in the house and it is only a matter of a few years until it will be as universal in its service on the farm as is the farmer himself. It will become a part of farm life; a beneficial part; a profitable part. Get order in for there's a rush coming.

Endowment Insurance

Endowment Insurance is a contract to pay a definite sum to the holder at the end of a definite term of years. If he does not live until the end of the period the sum is payable at once upon his death to the beneficiary named or to his estate. It combines life insurance with savings. It gives the largest investment coupled with protection. It is a favorite with those whose chief aim is to save a sure fund for old age, but who still wish to increase the family income if death occurs before the endowment matures.
