THE BRIDGE BUILDER

An old man going a lone highway,
Came at the evening, cold and gray,
To a chasm vast and deep and wide.
The old man crossed in the twilight dim—
The sullen stream had no fear for him;
But he turned when safe on the other side
And built a bridge to span the tide.
"Old man," said a fellow-pilgrim near,
"You are wasting your strength with building here;
Your journey will end with the ending day.
You never again will pass this way;
You've crossed the chasm deep and wide,
Why build you this bridge at evening tide?"
The builder lifted his old gray head—
"Good friend, in the path I have come," he said,
"There followeth after me today
A youth whose feet must pass this way.
This chasm that has been as naught to me,
To that fair-haired youth may a pitfall be;
He, too, must cross in the twilight dim—
Good friend, I am building this bridge for him!"

Maryland Day Notice

Maryland Day, a legal holiday, Thursday, March 25th, has been set aside for Good Roads Day in this county. Owing to the heavy automobile traffic that we have, now that good weather is here it is necessary that the roads and bridges be gotten in first class condition so that the traveling public will get advantage of good roads and bridges to travel over in safety. Therefore, the roads engineer asks all Kent County residents to lend him a helping hand and devote one day to work on the roads and bridges throughout the county. It is impossible for the roads engineer and his forces to fix all the bad places at once and will take sometime to get them repaired, and by devoting one day each year in the spring to roads and bridges the public will be doing a big thing towards helping in the upkeep of the traveled roads and small bridges.

In case Maryland Day is rainy and unfit for work take the next good day.

GAULT APPLEGARTH,
Roads Engineer.

NEXT WEEK

Two Great Special Productions

MONDAY AND TUESDAY, March 21st and 22nd—
The William Taylor Production

"The Furnace"

One of the most powerful and Dramatic stories ever told on the screen. It is a heart-searching drama of modern marriage, with thrill after thrill, leading up to a dramatic climax.

"Who hath a bad wife—his hell begins on earth"

It happens every day—
The butterfly wife, hungry for admiration and attention;
The business-man husband, engrossed in his own affairs;
The gradual drifting apart, day by day, almost unnoticed;
And then the inevitable result—estrangement, separation;
Yes, it happens every day—

That is why THE FURNACE is so powerful, so real, so gripping. It is life—depicted in great smashing scenes—in dramatic climaxes. Here is a picture that will clutch at the hearts of men and women.

FRIDAY AND SATURDAY, March 25nh and 26th—
CARL LAEMMLE, Presents

"Under Crimson Skies"

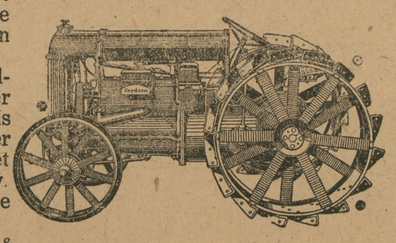
A Glorious Romance of Love and High Seas Adventure
Starring ELMO LINCOLN

Here is a really big picture. A rousing, stirring picture. A romantic picture. A story that sweeps you up out of your hum-drum life and carries you off to sea and marvelous adventure of the kind that thrills you through and through. To fight with strong, silent Elmo Lincoln against the perils of mutiny on the high seas—to fall in love with a beautiful woman and sacrifice liberty for her sake—to make a miraculous escape from the fetid dungeon of a southern republic and become master of colony of wild beach-combers and master them by might of brain and fist and then—to save the one woman from a terrible fate in the midst of red revolution.

Fordson
Farm Tractor

More than one-third of the tractors in use in the United States are Fordsons, yet the Fordson has only been on the market two years. Just like the Ford car, the Fordson is an all-year utility. It is a compact tractor; it is easily operated, it has more power per pound weight than any other tractor manufactured, it is the lowest priced tractor and it is the most economical to operate.

There are more than seven thousand Fordson dealers in the United States. There is one in every community who not only sells Fordsons, but who carries a supply of Fordson parts for repairs and replacements with skilled mechanics to give dependable service, and to help the farmer get the best out of the Fordson tractor.



The demand for Fordson tractors is greater than the supply. There is only a limited number for each territory. Get your order in now. Orders are filled in the order received.

Endowment Insurance

Endowment Insurance is a contract to pay a definite sum to the holder at the end of a definite term of years. If he does not live until the end of the period the sum is payable at once upon his death to the beneficiary named or to his estate. It combines life insurance with savings. It gives the largest investment coupled with protection. It is a favorite with those whose chief aim is to save a sure fund for old age, but who still wish to increase the family income if death occurs before the endowment matures.
