HOT OFF THE GRIDDLE

SUSAN SNOW

To clean electric burners, turn on the heat long enoukh to burn off the spilled food. Brush lightly with steel or copper wire brush then polish the nickel or chromium with a moistened cloth dipped in whiting or fine non-abrasive powder. Remove the polish with a dampened cloth and then rub until bright and clean. Be sure not to use any water though, as it causes a short circuit.

It is not necessary to blue white clothing every week.

When colored woolens have been washed, dry white cloths should be placed between the layers of wool for drying.

To remove grease spots from fresh table linen, place a bowl under the stain, cover the spot with scap jelly and rub with the finger tip or a soft brush. Rinse with warm water to carry off soap. Shape linen, when half dry, press with a warm iron to glaze the linen.

To make a pad for ironing embroidery use an old blanket or double fold of silence cloth. Make two sizes for smaller and larger pieces of embroideries. Cover washed padding with shrunken muslin. Stitch thicknesses together. Paste to keep pad free from wrinkles.

New drainboards may be soaked with hot linseed oil to reduce spotting.

Remove old wax with cheesecloth moistened with denatured alcohol.

Do not use soap often when cleaning refrigerators as the odor too often remains.

Dishes that are rinsed in very hot water an dthen well drained require very little drying.

To wash cut-glass, use warm water with soap and a soft brush. Rinse with very hot water and a few drops of ammonia. Wipe dry with a clean, non-linty cloth.

It pays to hem dusters, as one will not then he obliged to go over her work and pick off threads.

It is well, once in a while to air books, as this will prevent mildew and that musty smell.

To clean hair brushes, hold the brushes in the hand and tap them up and down in warm water with ammonia. This is particularly for silver and celluloid brushes that are bettter not soaked.

Mattresses like everything else should have their regular cleaning. To do so, brush and heat them with a flat rattan beater or vacuum cleaner.

Oil and furniture polish darken scratches on wood. If the scratch is deep, try to darken it with wood stain or a cloth that bleeds a little of its dye.

Keep walls well dusted, using soft, clean cloths or soft, clean hair wall-brushes.

A few drops of ammonia will cut a hard-water film from water.

Cottons and linens need not be boiled each time, if they have had a hot rinse after washing.

When washing cotton clothes—put to soak in cold water and if the water becomes soiled, empty and add fresh warm water.

To dry clothes, pin in shape, fasten securely to line with several pins.

To remove grease spots on dry material, lay grease spot on a pad of soft white cotton cloth. Moisten cheesecloth with 1 or 2 drops of carbon tetrachloride and gently apply to grease stain. Rub lightly and use the least possible amount of cleanser. Work daintly and each time rub lightly with a dry cloth. Note results and repeat if necessary. Keep pad changed. It is absorbing the grease.

Hang gloves to dry in room temperature and when half dry put on the hands to shape, unless a glove form is used.

In extreme cases, to remove shine from woolens, fine sandpaper has been used with light touches.

Frequently washed mattress pads save mattresses.

The best days to wash blankets are clear windy days, the blankets will dry quicker and fluff better.

When one cleans a wringer with kerosene, she must use only a little and work quickly, as kerosene cleans by dissolving rubber.

To sharpen knives, hold the knife firmly, move steel sharpener back and forth along the edge of the blade. Rub first on one side of the blade and then on the other. Hold sharpener at small angle from blade

Notice To Creditors

NOTICE is hereby given that the undersigned has obtained from the Orphans' Court for Kent County letters of Administration on the personal estate of

AUGUSTUS L. NICKERSON

late of said county, deceased. MILK BOTTLES

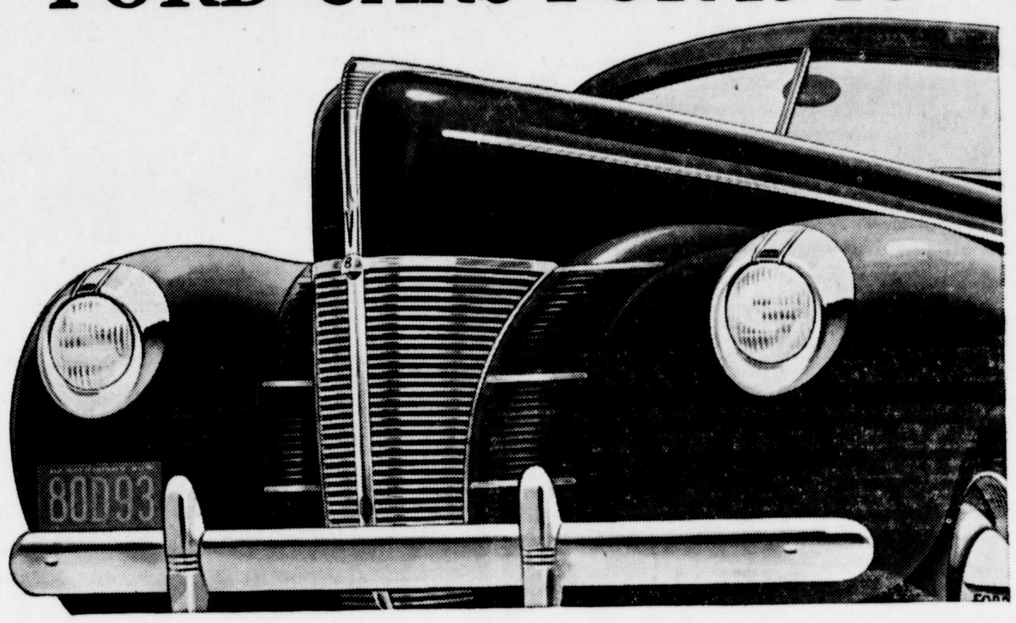
If you have any of Gill Bros. milk bottles in your cellar, or out-buildings, please set them out for the milk man or notify Gill Bros.

A good many people just set them aside and neglect to return them, but they are of lots of value to us. We lose 10,000 milk bottles a year, and they cost us $800. Just think of the lost just by one milk man. Will you look today and return all of Gill Bros. bottles you have? By helping somebody else helps you.

GILL BROS.
Chestertown, Maryland

Announcing THE NEW FORD CARS FOR 1940



22 important improvements, added to fundamental Ford features, represent the most advanced engineering in the low-price field

WHAT do the Ford cars for 1940 offer to match their brilliant new beauty? New comfort, convenience, quiet, safety—and the roomiest, richest interiors ever designed for a Ford car.

They have a host of interesting new features. Finger-Tip Gearshift on the steering post. An improved transmission, unusually easy to shift. New Controlled Ventilation. Improved shock absorbers. Softer springs, improved spring suspension and a new ride-stabilizer.*

A combination of new features makes the new cars quieter in operation. They have big, powerful hydraulic brakes. They have new Sealed-Beam Headlamps that are safer, stronger and stay bright longer. They have the famous Ford V-8 engine (85 hp in the De Luxe Ford. Choice of 85 or 60 hp in the Ford)—which blends 8-cylinder smoothness with economy.

You've never seen cars with so much performance, style and comfort at such a low price. Get acquainted. *You'll enjoy the experience!*

22 IMPORTANT FORD FEATURES

FOR COMFORT—More room inside. New Controlled Ventilation. New torsion bar ride-stabilizer.* Improved spring suspension.* Self-sealing shock absorbers. Two-way adjustable driver's seat. New-type resilient front seat backs. New "Floating-Edge" Seat Cushions.

FOR CONVENIENCE—New Finger-Tip Gearshift. Engine more accessible. Two-spoke steering wheel.

FOR SAFETY—Sealed-Beam Headlamps. Dual windshield wipers at base of windshield. Larger battery. Battery Condition Indicator on all models.

FOR SILENCE—Improved soundproofing. "Easy-shift" transmission. Curved disc wheels. Improved drums for big Ford hydraulic brakes.

FOR STYLE—New exterior beauty. New interior luxury. New instrument panel. **85-hp models only*
