State vs. Arthur Hewitt, presented for larceny; plea of guilty.

State vs. Dewey Saunders; presented for larceny; plea of guilty.

State vs. Alvin Saunders, presented for larceny; court trial.

Wife And Husband Dead

The body of Mrs. Cora Seigel, who was shot to death by her husband, Herman Seigel, in Philadelphia Wednesday, April 20th, was buried in Church Hill Cemetery Sunday afternoon. She was a daughter of Mr. and Mrs. Robert R. Whaley, of Church Hill, and for several years had resided in Philadelphia.

Mr. Seigel also shot himself after killing his wife. They were both found dead Thursday afternoon by Miss Virginia Schaul, a boarder at the home and a friend of Mrs. Seigel, when she returned from school.

Mrs. Seigel's death was the third in the Whaley family in the past year.

Learning By Experience
A man struck a match to see if the gasoline tank was empty.
It wasn't.
A man patted a strange dog on the head, to see if the critter was affectionate.
It wasn't.
A man speeded up to see if he could beat the train to the crossing.
He couldn't.
A man tried to find a more reliable Drug Store than this one.
He couldn't.
Because "every purchase must be right." Every once in awhile someone says, "Why I didn't know you sold that" and we want to laugh, but dare not, for "that" was something we sell almost every day.
We have been invoicing and honest to goodness we are surprised to see how many different items are in our stock.
Many things are not needed very often but they are the ones which are wanted most when they are required. Our aim is to hand to you what you want when you want it. New goods arrive every week Save time by asking us "first" for the unusual article.

To the motorist who has quit guessing about tires—

THE U. S. NOBBY TREAD
Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.
Its very simplicity—two diagonal rows of oblong studs, interlocking in their grip on the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

ALONG about this time of year a man finds his motoring neighbors getting anxious about their tires. With folks expecting old tires to "pop" any minute, there comes the question of what kind of new ones to buy.
U. S. Tires are answering a lot of questions like this nowadays.
* * *
The U. S. Tire following embraces two kinds of tire buyers.
Those who *started* with quality *first*, and have never bought anything else but the *quality standard tire*.
Those who came to *quality first* only after dabbling with "bargains," "rebates," "job lot" and "surplus stock" tires.
* * *
Getting one hundred cents value on the dollar in tire buying is a straight-forward business proposition—not guess-work or a game of wits.
The most essential man for you to know today is the local U. S. Tire dealer who is *concentrating* on a full, completely sized line of U. S. Tires.
He gets his U. S. Tires straight from his neighboring U. S. Tire Factory Branch—one of 92 such Branches established and maintained all over the country by the U. S. Tire makers.
* * *
He is the man who can give you fresh, live tires—not stuff shipped to him from some point where it did not sell, but *new* tires of current production.
Giving the same quality, selection and price-advantage to the owner of the medium weight car as the big car owner gets. With equal service and buying opportunity whether he lives in the smaller localities or the greater centers of population.

"The most essential man for you to know today in the tire business is your local U. S. Tire Dealer."
