CRAMPS, PAINS AND BACKACHE

St. Louis Woman Relieved by Lydia E. Pinkham's Vegetable Compound

St. Louis, Mo. — "I was bothered with cramps and pains every month and had backache and had to go to bed as I could not work. My mother and my whole family always took Lydia E. Pinkham's Vegetable Compound for such troubles and they induced me to try it and it has helped me very much. I don't have cramps any more, and I can do my housework all through the month. I recommend your Vegetable Compound to my friends for female troubles."—Mrs. DELLA SCHOLZ, 1412 Salisbury Street, St. Louis, Mo.

Just think for a moment. Lydia E. Pinkham's Vegetable Compound has been in use for nearly fifty years. It is prepared from medicinal plants, by the utmost pharmaceutical skill, and superior methods. The ingredients thus combined in the Compound correct the conditions which cause such annoying symptoms as had been troubling Mrs. Scholz. The Vegetable Compound exercises a restorative influence of the most desirable character, correcting the trouble in a gentle but efficient manner. This is noted, by the disappearance, one after another, of the disagreeable symptoms.

Island Goose Crop Worth $20,000.

Kent Island's goose crop for 1921 was worth, approximately, $20,000. Farmers this week completed making shipments of the famous Kent Island geese, which are always in such strong demand throughout the country. The majority of these geese are usually sold about Christmas, or soon thereafter, for the Jewish holidays. Over 2,000 geese were shipped last week from Stevensville and Chester. It is estimated that 4,000 were raised on Kent Island this year and the market price has ranged from $4.00 to $6.00.

Fishermen Catch 7,000 Pound Rock.

Seven thousand pounds of fish were caught by Love Point watermen last Tuesday, constituting the most successful day's work this season. For a month the fishermen have been working their drift nets with indifferent success, but on Tuesday they struck rock fish, and boats reached dock laden with the valuable catch. One boat brought 1400 pounds, and several others had more than 1,000 pounds. New York buyers were at Love Point pier, and the fish were shipped by express to that city. The average price was twenty-five cents a pound.

The Noblest Instrument Is An Organ

and it ought to be in every musical home, but space and cost sometimes prohibit the installation of a pipe organ. However, an

ESTEY

two manual reed organ, built on the exact principles and measurements of a pipe organ—and used in the studios of such organists as Gibson, Dethier and others—such an instrument closely approximates a pipe organ and has everywhere given great satisfaction. It can be built to the special specification of organist and to match the design of any room. Adapted for lodges. Call and hear it.
