SEARCH OF TWO YEARS IS ENDED

H. W. Byers Says Tanlac Has Restored His Health After Everything Else Had Failed.

"There may be other medicines as good as Tanlac for troubles like I had, but I have never been able to find them and I have been trying for two years to find relief," is the unqualified statement of H. W. Byers, a well-known machinist, living at 719 North Payson street, a well-known machinist, iving at 719 North Payson Street, Payson street. Baltimore.

"Before I ran across this medicine," said he, "every joint in my body hurt with rheumatism. There was no let up from morning till night and some days I was almost wild with pain. I was crippled up in my legs that I just hobbled around in agony and it was torture for me to use my arms. I became all run down, my nerves got all unstrung, and many a night I was too miserable to sleep.

"I was just about ready to give up the fight when I noticed what others had to say about Tanlac and decided to see if the medicine would help me. Well, to make a long story short, what it has done for me is nothing less than remarkable. I have just finished my second bottle and the rheumatism is so much better that I scarcely notice it any more. Tanlac has also acted as a wonderful tonic for me, as I now eat better, sleep better and am a great deal stronger. I expect to stick right to Tanlac until I have finished out a course of five or six bottles, and from now on it's going to be my family medicine. It certainly is great."

Rheumatism is not only one of the most prevalent, but one of the most painful and difficult to treat of all diseases. When the digestive organs are not working right and kidneys become clogged up, the whole system becomes deranged and saturated with uric acid poisons and other impurities, which accumulate in the joints and other parts of the body, and produce the condition known as rheumatism.

Tanlac is a powerful reconstructive tonic and overcomes this condition by acting directly on the vital organs, toning them up and enabling them to perform their proper functions, so that the impurities are eliminated from the system in a natural way. Liniments and other external applications as a general rule only afford relief. Tanlac is a constitutional treatment and gets right at the root of the trouble by removing the cause.

Tanlac is sold by all good druggists. —Adv.
