Intra-mural Basketball games are to be played Monday and Wednesday evenings at the Washington College Gym. The games will begin at seven o'clock. Everyone is welcome.

Last Thursday Mr. Julian Hurtt and Mr. William Frances talked to the Economics class on the work of the County Commissioners. The students enjoyed and profited by the period they were here. One of the gentleman was heard to remark, "you aren't so crowded here."

Wonder what we would have said if he had been around while classes were changing or if he had looked into the class rooms on the first floor or in the basement?

On Monday Mr. E. C. Ramsey lectured on conditions in Europe. Mr. Ramsey has lived among these people, who were unaware of his position, and as a result found many interesting facts.

Don't forget the Gypsy Rover. Tickets may be purchased from the students.

HIGH SCHOOL TO PRESENT GYPSEY ROVER FEB. 2ND

"The Gypsy Rover", a musical comedy, will be given by the Senior Class of Chestertown High School. The play will be presented at William Smith Hall on February 2.

"The Gypsy Rover" is in three acts and concerns the adventures of Rob, the son of an English noble. When but an infant, Rob is stolen by his nurse, Meg, who marries Matro, a gypsy. The lad grows up believing Meg and Marto to be his parents.

One day while Lady Constance Martendale and her fiance, Lord Craven, are riding, they become lost. Upon wandering to a gypsy camp Constance meets Rob and they immediately fall in love. In the second act, Rob goes to her home and they plan to elope. They are overheard by Craven who tells her father, Sir George. Rob is captured and thrown into prison, but later escapes.

Two years elapse and Rob has come into his inheritance, his identity having been proven by Meg. He is a successful composer and becomes quite a celebrity. Constance and Rob have remained true to each other and upon his return to England, he woos and wins her for his wife.

There are also pretty love affairs between Nina and Captain Jerome, and Zara and Sinfo. Marto and Sinfo furnish the comedy and a chorus of gypsies and nobleman the music.

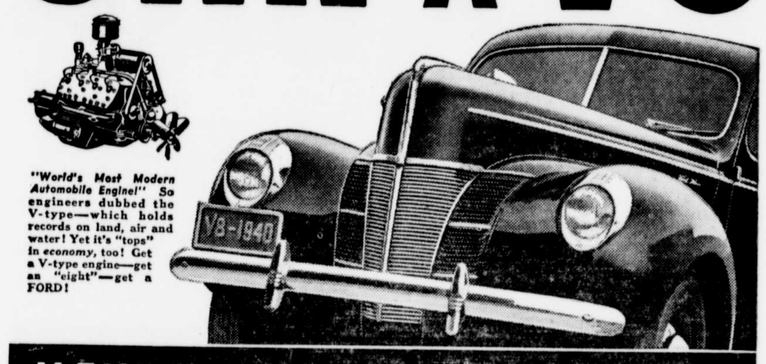
The cast of characters as they appear are:

Meg, Louise Thompson; Zara, Hope Marie Jones; Marto, Jack Newnam; Sinfo, Bobie Bowers; Rob, Calvin Lynch; Lady Constance, Lillian Lee; Lord Craven, Arthur Newsome; Sir George Martendola, Elmer Thomas; Nina, Betty Jeanne Groves; Capt. Jerome, Charles Crowding; Sir Toby Lyon, Billy Payne; McCorkle, Walter Pardee; Lackey, Robert Crowe; Pianist, Lena Geary.

Hub of Scotland

Stirling, "in the midst of Scotland," is also described by its citizens as "between east and west and between north and south," and they claim that it has "looked down on more history, seen more armies advance and retreat than any other town in the world."

This year—why not
OWN A V-8



"World's Most Modern Automobile Engine!" So engineers dubbed the V-type—which holds records on land, air and water! Yet it's "tops" in economy, too! Get a V-type engine—get an "eight"—get a FORD!

NEW-FASHIONED FORD V-8

MOTORING means more pride and pleasure in a new-fashioned Ford V-8. Pride in owning a big, roomy "eight"—and the handsomest car low price buys! Pleasure in the pace-setting performance eight cylinders give you—and in "eight-cylinder quality" throughout! Why compromise?

Keep this in mind: Every high-priced car in America has eight (or more) cylinders—and V-type engines hold records unequaled by any other type. Yet only the Ford among low-priced cars gives you a V-8 engine!

You're entitled to the most for your money. You rate an "eight"! So come in and find out why IT'S FORD FOR '40!

Comfort plus! New deeper "Floating-Edge" Seat Cushions. Adjustable front seats. New super-resilient front seat backs.

Scientifically Soundproofed! Quieter wheels—quieter hydraulic brakes—quieter transmission! You'll be surprised!

McCormick-Deering Hammer Mill No. 5

● If you're looking for a low-cost, large-capacity hammer mill that will grind all small grains, see the new McCormick-Deering No. 5 at our store. It grinds wheat, oats, barley, shelled corn, etc. With a ½-inch screen, it will grind up to 3,700 pounds of shelled corn or 3,500 pounds of oats an hour.

Come in and look over the No. 5. Let us tell you about its all-welded steel construction; its five-disk rotor and 12 swinging hammers, reversible end for end and side for side, providing four usable grinding faces; and its two-way bagging attachment.

If you're in the market for a larger mill, see the new No. 10 and No. 10-C. These two mills grind a great variety of grains (headed or in bundles) and roughages. Also available: the No. 2 Roughage Mill for big feeding operations and a complete line of McCormick-Deering plate - type Feed Grinders.

MILK BOTTLES

If you have any of Gill Bros. milk bottles in your cellar, or out-buildings, please set them out for the milk man or notify Gill Bros.

A good many people just set them aside and neglect to return them, but they are of lots of value to us. We lose 10,000 milk bottles a year, and they cost us $800. Just think of the lost just by one milk man. Will you look today and return all of Gill Bros. bottles you have? By helping somebody else helps you.
