CHESTERTOWN - DEC. 20, 1890

FARMERS AND THE FORCE BILL.—Republican extremists in Congress criticise the Farmers' Alliance for passing the anti-force bill resolutions. The subject was freely commented upon at the Capitol and Mr. Lodge, the alleged author of the force bill, is particularly anxious to have it appear that the alliance is simply a democratic attachment, and that its action will have no serious effect upon the bill pending in the Senate. Conservative republicans take an entirely different view of the situation, and predict that it will probably prevent Western and Northwestern Senators from following blindly the leadership of such an extreme and impractical partisan as Mr. Hoar. It is said that Senators Stanford, of California, and Plumb and Ingalls, of Kansas, who are very desirous of maintaining friendly relations with the alliance, may refuse to assist in pressing the force bill. Stanford is coquetting with the alliance for the presidential nomination, and Plumb also has "notions for '92" in a similar direction. They make no secret of their hopes and aspirations, and it is common gossip around the Senate. There are several other republicans who fear the future wrath of the alliance, which may influence the final vote. None of these gentlemen are prepared to commit themselves at present, but several incidents have occurred which indicate regret that the alliance has openly announced its hostility to the force bill.—*Corr. Balt. Sun.*

HAS DR. KOCK TWO MORE REMEDIES?—There is so much of value in Dr. Koch's discovery of a means of curing light cases of consumption that the world is still congratulating itself upon the Professor's skill. The microscope, supplemented with indefatigable experimentation, achieved wonders with the bacillus of tuberculosis. But, if Sir Joseph Lister's hints are to be taken seriously, Dr. Koch has two more blessings for mankind in reserve. A cure for two terrible contagious diseases, Sir Joseph intimates, has been discovered, and will soon be revealed to the world. Unlike the lymph used for consumption, this new remedy is a simple chemical substance which anybody can prepare. One of the diseases referred to, it is said, is diphtheria. Should Dr. Koch have an effective remedy of his own devising for that disease he deserves to have a monument in every country on the globe. He would himself probably prefer it in the shape of a public hospital.

DESTITUTE FARMERS IN NEBRASKA.—The commission appointed by Governor Thayer, of Nebraska, to devise means for relieving the suffering due to the shortage of crops in Nebraska, has submitted a report showing an almost total failue of crops in twelve counties, and that ten thousand families are in need of assistance. The Governor discourages appeals to outside States lest it injure the credit of the State, but promises relief when the Legislature meets. In Frontier county there are eight thousand people, and a large proportion of them are becoming desperate. Wheat only yielded one or at most two bushels to the acre. There are no vegetables. All the salable stock has been disposed of, and that remaining is being killed. The animals are too small and poor to furnish much food. Being a new country, the people are mostly in debt. The committee says that the destitution is greater than that caused by the Johnstown flood or the Chicago fire.

THE NEW REAPPORTIONMENT BILL agreed upon by the republican members of the census committee is based upon a representation of 356 members of the House. There is to be a member for each 173,901 of population. This, it is said, permits each State to retain its present representation. The gains by various States are as follows: Alabama, 1; Arkansas, 1; California, 1; Colorado, 1; Georgia, 1; Illinois, 2; Kansas, 1; Massachusett, 1; Michigan, 1; Minnesota, 2; Missouri, 1; Nebraska, 3; New Jersey, 1; Oregon, 1; Pennsylvania, 2; Texas, 2; Washington, 1, and Wisconsin, 1, or 24 in all. As many of the States that are usually republican in presidential years are now under democratic or anti-republican control, it is deemed unlikely that the reapportionment bill will prohibit more than one apportionment by a State within one decade.

SIXTY THOUSAND IN SILVER DOLLARS.—An interesting incident of the money squeeze comes from Boston. In settling accounts with the New York Central Road for November the Boston and Albany Company sent a check for $60,000 to New York, and it was deposited with a bank there very desirous of increasing its cash reserves. So the unusual course was adopted of sending the check back to Boston to be cashed. It was presented at the Shawmut Bank and promptly met by the payment through the sub-treasury of the whole amount in silver dollars. An extra dray was required to carry the sixty canvas bags and 3,600 pounds of metal to the train, and the sharp New York bank got about two tons avoirdupois more money than it had bargained for.

The story is told of a German, who took the *hands* of his clock to the maker to have them fixed, because they did not keep proper time. Of course, the clock-maker demanded the *works*, as in them lay the trouble. Boils and blotches, pimples and other eruptions on the exterior tell of a disordered condition of the *blood* within. If you have these indications, be wise in time, and take Dr. Pierce's Golden Medical Discovery. It puts the liver and kidneys in good working order, purifies the blood, cleanses the system from all impurities, from whatever cause arising, and tones up the functions generally.

"Golden Medical Discovery" checks the frightful inroads of Scrofula, and, if taken in time, arrests the march of Consumption of the Lungs (which is Lung-scrofula), purifies and enriches the blood, thereby curing all Skin and Scalp Diseases, Ulcers, Sores, Swellings, and kindred ailments. It is powerfully tonic as well as alterative, or blood-cleansing, in its effects, hence it strengthens the system and restores vitality, thereby dispelling all those languid, "tired feelings" experienced by the debilitated. Especially has it manifested its potency in curing Tetter, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Goitre, or Thick Neck, and Enlarged Glands.

"Golden Medical Discovery" is the only blood and lung remedy, sold by druggists, and *guaranteed* by its manufacturers, to do all that it is claimed to accomplish, or money paid for it will be promptly refunded.

GEORGE W. HARPER, Plaintiff,
versus
CHARLES RINGGOLD, GEORGE W. RINGGOLD, JOSEPH RINGGOLD, JOHN RINGGOLD, ELLEN RINGGOLD, JOHN WILSON, AUGUSTA WILSON AND OTHERS DEFENDANTS.

In the Circuit Court for Kent county in Equity.

THE object of this bill is to procure a decree for the sale of the real estate of Risdon Ringgold, late of Kent county, deceased, or so much thereof as may be necessary for the payment of the debt due the plaintiff and the debts due the other creditors of the said Risdon Ringgold.

The bill states that the said Risdon Ringgold was in his lifetime indebted unto the complainant, Geo. W. Harper, in the sum of forty-nine dollars and sixty-four cents, upon a promissory note dated December 3, 1887, for the said sum of forty-nine dollars and sixty-four cents, payable ten months after date, with interest, and was also indebted unto divers other creditors; and that being so indebted and having real estate of great value but no personal estate liable for his debts, the said Risdon Ringgold departed this life on or about the — of August, 1888.

That being so seized and possessed the said Risdon Ringgold in his lifetime, that is to say, on or about the 18th day of January, 1887, made and executed his last will and testament and departed this life as aforesaid without having revoked the same. That said will was duly admitted to probate by the Orphans' Court of Kent county on or about the 11th day of September, 1888, and is now of record in the office of the Register of Wills for said county, in Liber Wills Liber J. C. S., No. 1, Folio 415, and letters testamentary thereon have been granted unto Hope H. Barroll, as administrator c. t. a., as will appear by a copy of said will and probate and of said letters testamentary filed with said bill as a part thereof. That by said last will and testament the said Risdon Ringgold devised his house and lot of land, with the improvements thereon, situated and being in Still Pond, in Kent county, Maryland, to his wife, Ellen Ringgold, during her life, and after her death the said testator directed his executor to sell the lot and improvements thereon and to distribute the proceeds thereof in the manner mentioned in his said last will and testament. The bill further states that the said Risdon Ringgold departed this life as aforesaid leaving surviving him the said Ellen Ringgold, his widow, who is still alive, and also the following children as his heirs at law, namely: Robert Ringgold, of Still Pond, Kent county, Maryland; Charles Ringgold, George W. Ringgold, Joseph Ringgold and John Ringgold, all of the city of Chester, in the State of Pennsylvania. That he also had a daughter, Lavinia Wilson, who died during her father's lifetime intestate, leaving surviving her the following children, namely: Amelia Martin, Risdon Wilson, Joseph Wilson, Alexander Wilson and Florence Wilson, of Kent county, Maryland; John Wilson, of the city of Philadelphia, in the State of Pennsylvania; and George Wilson, of the city of Baltimore, in the state of Maryland; and Augusta Wilson, whose whereabouts are not at present known, she not having been heard of for five or six years past.

The bill further states that although letters of administration were granted unto the said Hope H. Barroll as aforesaid, yet the said Hope H. Barroll has never possessed himself of any of the personal estate of the said Risdon Ringgold, since there was no personal estate which he has been able to discover, and that although the complainant has applied to the said Hope H. Barroll, administrator as aforesaid, for the payment of his claim, he has been informed nevertheless by the said Hope H. Barroll that he has no funds wherewith to pay any portion of the same.

It is thereupon this 4th day of December, 1890, ordered that the complainant, George W. Harper, by causing a copy of this order to be inserted in some newspaper published in Kent county, Maryland, once in each of 4 successive weeks before the third day of January next, give notice to the said non-resident defendants—Charles Ringgold, George W. Ringgold, Joseph Ringgold, John Ringgold, Ellen Ringgold, John Wilson and Augusta Wilson—of the object and substance of this bill, and warning them to appear in this court, in person or by solicitor, on or before the 20th day of January next, to show cause, if any they have, why a decree ought not to be passed as prayed.
