THE CHESTERTOWN TRANSCRIPT

Entered as second-class matter at the Postoffice, Chestertown, Md., in accordance with Act of Congress.

Publishers—R. H. Collins, & Sons.

Published every Saturday at The Transcript Building, Court Street, Chestertown, Maryland.

SATURDAY, APRIL 6th, 1940

ANNOUNCEMENT WAS made this week that farmers may use their future soil building conservation payments as credit for the purchase of lime which means that those who desire to take advantage of the soil building practices may secure and use the lime now and not wait until the payment is received. There are a number of methods in which this credit plan may be used, the details of which may be secured from the office of the County Agent. Since the soil building program has been in effect, Kent County farm land has been greatly improved at a time when farm revenue would have hardly justified this improvement. It is a program that builds for the future and in that way differs so greatly from many of the hundreds of Federal projects.

IN A RECENT publication of recommendations for navigation development in Maryland involving an expenditure of $194,350, there is no mention of lights for Chester River. In the twenty-eight miles of navigible water from Love Point to Chestertown, there are exactly two lights, both of which are at the mouth of the river. Promises of an early correction of this condition have been made by the last two Eastern Shore Congressmen after being recommended by the Lighthouse service. No great local effort has been made due to the promises of immediate action: In appears that, in order to get such action, it is not only necessary to have it recommended by the Lighthouse Service and promised by the Congresman. Whatever else is needed we do not know unless it is to accept promises only with a grain of salt and not let those in power profit by these promises.

At this season of the year Chestertown and Kent County exhibit the old homes and historic places for which this county is noted. On May 3rd and 4th the Maryland Garden Pilgrimage will bring many visitors here and on May 11th the annual observance of Old Chestertown Day wil be held. While the historic treasure of this county is not salable yet it is something that is precious and connot be taken away. Historic background surrounded by fertile fields makes it desirable as a place in which to live and while financial gains are not equal to those of other parts, Kent County, with its many waterways and beautiful sunshine afords much in the offing that offsets that which is gained only by large expense in other sections.

TODAY IS clean up day in the Negro Health Week Program. This annual clean-up among the negro population should have every encouragement from the entire town as it does a tremendous amount of good from both a health and cleanliness standpoint. While part of Chestertown's negro population is clean and keep neat homes, yet many sections are maintained in a deplorable condition. Health authorities who encourage this annual cleanup are to be congratulated both on the result and the way in which they bring about the enthusiasm among this class to do it.

THREE KENT COUNTY FARMS FOR SALE

1—Lauretum in 4th District tenanted by Charles Hawkins, containing 157 acres.
3—Smith farm in 6th District, tenanted by Romie Fogwell, containing 338 acres.

Optimism Growing In Bruce Campaign

Increasing Activity And Growing Confidence In Victory Have Marked Past Week

Increasing activity on all fronts, accompanied by growing confidence in a victorious outcome, has been a marked development of the past week in the campaign of Howard Bruce, candidate for the Democratic nomination for United States Senator.

Mr. Bruce, in a series of fighting speeches, renewed his criticism of the National Labor Relations Act, which he declared to be basically sound, but ineptly administered; charged Senator Radcliffe, his rival for the nomination, with lacking "definite political beliefs fixed on conviction," and urged the Senator to discuss "matters that really should have some bearing on the selection of a Senator."

Speaking of the "forgotten men and women in industry," Mr. Bruce said that, if nominated and elected, he would do everything in his power "to remove the barriers against men and women workers of 45 years and over, and replace them in gainful employment in industry." "As a private citizen," said Mr. Bruce, "I have for a number of years done all I could to alleviate this situation. Now, as a candidate, I pledge myself to redoubled efforts."

Joining actively in the campaign for Mr. Bruce during the week were William C. Walsh, Attorney General, and John E. Semmes, Baltimore lawyer. The Attorney General praised Mr. Bruce as " a man who for many years has given generously of his time and money to aid those less fortunately situated, even going to the extent of losing $350,000 of his own money in a gallant effort to save the Baltimore Trust Company," and added that "it is a queer twist of fate which finds this sort of community service used against a man." Mr. Semmes described Mr. Bruce's record as an industrialist, as "one of which all Marylanders can be proud."

KENNEDYVILLE

Mr. Homer King spent last Thursday in Philadelphia.

Mr. and Mrs. William Anthony and Billy spent Saturday with relatives in Newark.

Mrs. Wallace Duhamell, Miss Betty Duhamell and Mr. Frank Wills were Sunday guests of Mr. and Mrs. Ralph Gregy in Newark, Del.

"AMERICAN" by Fostoria

THE "AMERICAN" PATTERN CAPTURES THE ROMANCE OF COLONIAL SIMPLICITY

In quality glass, at moderate prices, the name *Fostoria* is foremost. Among its own designs, "American" has proved to be the most popular.

And quite rightly it should be. For Fostoria "American" crystal is a perfect companion for the modern trend toward colonial simplicity. It is Early American in spirit, but up-to-the-minute for modern fashions. Beautiful, durable crystal — but equally important is cost. That's another good feature. The prices are exceedingly moderate.

Come in and discover Fostoria "American." Or add to those pieces which you already have.

Embarrassing

When *Acid Indigestion, Gas on Stomach or Heartburn* make you feel uncomfortable or embarrass you, try Alka-Seltzer, which contains alkalizing buffers and so helps counteract the associated Excess Stomach Acidity.

But the relief of these minor stomach upsets is only a small part of what you can expect Alka-Seltzer to do for you. You will find it effective for Pain Relief in *Headache, Neuralgia, Colds and Muscular Aches and Pains.* It contains an analgesic, (sodium acetyl salicylate), made more prompt and effective in its pain-relieving action by alkaline buffer salts.

When hard work or strenuous exercise make you feel tired and dragged out, enjoy the refreshing effect of a glass of sparkling, tangy Alka-Seltzer.

At Drug Stores in packages and at drug store soda fountains by the glass.

Alka-Seltzer
