Does It Pay?

GEORGE W. MOORE, of Betterton, took out a policy for $225 in 1907 in the

MUTUAL FIRE INSURANCE CO. of Kent County, Md.

In March, 1924, he canceled this policy and was paid $24.08

He paid in premiums during the 17 years, $34.00. Thus he got insurance for 17 years for only $10.

Every Policy Holder in the KENT MUTUAL Shares in its Profits.

Write or call for Information CHESTERTOWN, MD.

JOHN W. BARNES NEW TOWN COMMISSIONER

The town election Monday was a tame affair there being no opposition. John W. Barnes' friends rallied to his side and rolled up 116 votes, more than any other unopposed candidate had ever received. He will serve for three years.

Messrs. James H. Sides, W. Robt. Huey and Clinton C. Jones were re-elected members of the Water Board for three years without opposition.

The bills for increase in town tax rate for garbage and fire company failed to arrive in time to vote on them Monday and did not contain a clause for special election, therefore they are null and void and these matters must wait for three years. The bill providing for filling vacancies met the same fate, altho there will be no failure to fill vacancy because of existing law covering it. Messrs. Satterfield and Barnes have the authority to name a third commissioner to serve out the term of C. A. Goodwin, which is until May 1, 1925.

Personals

Your Old Corn Field Can Again Be Made to Produce Big Corn Crops

You can make fields that have been repeatedly cropped to corn again produce the old time yields. The remedy is not expensive and consumes no time. It is applied successfully and extensively under similar conditions in many sections.

Stop in our store the first chance you get and ask us about applying fertilizer at the same time the corn is planted. We can show you a corn planter which, besides dropping the desired number of kernels in each and every hill, is equipped with a fertilizer attachment that successfully distributes any standard fertilizer. It drops the fertilizer without any choking up or bridging of fertilizer in the hopper and it does not let the fertilizer come in contact with and fire the seed.

Don't overlook the "accurate planting" features of this planter—the instant variable drop. A kick of the foot and the drop can be changed to 2, 3 or 4 kernels per hill, as desired. A push of the foot lever and the planter changes instantly from hill dropping to drilling, or back to hill dropping, and you don't have to get off the seat nor touch the seed plates to make these changes.

Come in and see our John Deere No. 999 Corn Planter.

Sachs' Shoe Store

ANNOUNCEMENT

Having entered the wholesale shoe business in Baltimore City, we have decided to continue the operation of our retail shoe store in Chestertown, Maryland.

THE PUBLIC WILL BENEFIT

This means that we have declared WAR on Shoe Prices and the people of this section will have an opportunity to buy their shoes here at WHOLESALE PRICES.

NEW SYSTEM

Our store room is now being re-arranged for the new system; tables have been provided for all shoes which will be piled up by the hundreds, consisting of small lots, discontinued styles, broken sizes, etc., at rediculously low prices.

NEW STYLES

All the latest spring creations which are being shown in the best city stores, will be quite in evidence here, they will come in just as fast as can be produced in the factories.

FROM FACTORY TO YOU

All of our shoes will be priced at actual wholesale cost—FROM FACTORY TO WEARER. Come in and look around, you may find just the shoe you are looking for on our tables at your own price.
