SUFFERED PAIN FOR YEARS

Mrs. Jahr Finally Relieved by Lydia E. Pinkham's Vegetable Compound

Howard Lake, Minnesota.—"I write to let you know that I have taken several bottles of your medicine in the last three months, and found it to be very good. I had pains and other troubles women have and was not able to do my work. Seeing your 'Ad.' in the paper, I thought of giving Lydia E. Pinkham's Vegetable Compound a trial. I got good results from it and feel able to do my housework now. I used to have lots of pains, but after taking the medicine I am relieved from pains that I had suffered from for years. I recommend the Vegetable Compound to my friends, and hope this letter will be satisfactory for you to publish."—Mrs. JENNIE JAHR, R. R. No. 2, Box 81, Howard Lake, Minn.

Free upon Request

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free, upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information that every woman should have.

The Telephone Situation in the State of Maryland

BECAUSE of the situation which confronts this Company in its operations in the State of Maryland an increase in our charges for telephone service is clearly necessary.

Although rates and other matters pertaining to telephone service are subject to regulation by the Public Service Commission, we realize that the success of our enterprise depends on public understanding and good will and we are anxious that our patrons should know the present conditions and their effect on the future of the telephone service of the State.

Inadequate Earnings

Net earnings now and for ten years past on the book cost of our property which is materially less than its fair value, have been at an exceedingly low rate as indicated by the following tabulation:

1914	5.35	1919	3.24
1915	5.30	1920	4.50
1916	5.17	1921	4.42
1917	5.26	1922	4.84
1918	5.46	1923	5.01

Considering the matter from the standpoint of a valuation made in 1914 plus 80% of net additions made from year to year since that date, which was the basis followed by the Commission in the 1920 rate case, the net return has averaged 5.5% for ten years past.

Present Rates Inadequate

The present rates, which are yielding returns as indicated above, were fixed in 1920 in the expectation that there would be a downward trend in labor and material costs. This expectation has not been realized. In fact, certain expenses, notably taxes, have greatly increased and in spite of marked improvements in efficiency, the rates continue to yield an inadequate net return.

Increasing Plant to Meet the Public Demand

Plant added during the past five years has been at greatly increased costs. Due to this, the average plant per telephone in service, which in 1919 was $151, is now $182, and this increase per telephone will continue. To meet the bare necessities of the public for more telephone service a minimum of $12,000,000 will have to be expended for additions and betterments during the next five years. We are not now earning enough to attract the necessary new capital.

Before June 1st, this Company will present to the Public Service Commission an amended schedule of rates and will inform the public of the proposed changes.

It is proposed to have the new rates become effective November 1, 1924, unless the Public Service Commission shall, in the meantime, find that they are in any respect unreasonable.

This will afford the Commission ample time in which to inquire into the situation in the interests of the public. The Company will cooperate in every way that will assist the Commission in considering whether the increases in charges are reasonable and fair.

GOITRE VANISHES

St. Louis County Banker Saved an Operation by a Home Treatment

Note: It would be illegal to publish these statements if not true.

W. J. Vance, Banker, Valley Park, Mo., says: "Two days before using Sorbol-Quadruple, I had a bad hemorrhage in my throat caused by tightening which produced severe coughing. Twenty-four hours from first application of Sorbol-Quadruple I felt relief, and in forty-eight hours noticed it was reducing. In three weeks, one side has vanished and the relief is beyond expression. You make use of this and I will gladly answer all questions."

Manufactured by Sorbol Company, Mechanicsburg, O. Sold by all drug stores. Locally at
