THE SOCIAL WANDERER

Dear Roamer

After all the excitement over last week-end, we have had a bit of a let-down this week. However, with the Garden Pilgrimage afoot, and Chestertown Day next week, visitors and overnight guests will perk us up once more.

Miss Alice Dole, daughter of Dr. Esther M. Dole has set June 29 for the date of her wedding to Mr. George B. Keester, of Annapolis and Baltimore. The ceremony will be performed in Emmanuel P. E. Church by Dr. Charles L. Atwater. More details anon.

To-day, Saturday, Miss Mary Elizabeth Humphreys will entertain at a luncheon-bridge followed by a "canned goods" shower in honor of Miss Helen Loskamp, whose marriage to Mr. Gilbert W. Mead will take place next month. Only members of the sorority, to which they both belong, will be among the guests.

To-day, Mr. and Mrs. Eben F. Perkins will go to Baltimore for the week-end, where they will attend the marriage of Miss Charlotte Harrison, daughter of Mr. and Mrs. George W. Harrison, and Mr. Eben F. Perkins 3rd, son of Mrs. Clarence W. Perkins and the late Mr. Perkins. The ceremony will take place at 4.30 p. m. to-day, Saturday, at the home of the bride's parents on Woodlawn Road, in the presence of the two families and a few intimate friends. Mrs. William G. Harrison will be the matron of honor, and Mr. Warwick Perkins, of Toronto, Canada, will serve as his brother's best man.

Mrs. Harry H. Deringer entertained at the second of a series of luncheons, followed by bridge, on Wednesday at her home on Queen St.

Mr. and Mrs. Maurice Milleret de Brou, of New York, were guests last week-end at Godlington Manor, the home of Col. and Mrs. H. S. Brown. Mrs. Milleret de Brou was formerly Miss Betty Childs.

Miss Mary Mather, of Westminster, Md., was a house guest of Mrs. Ella P. Robinson last week-end.

Mr. and Mrs. Thomas Moyer and baby, of Baltimore, were week-end guests of the latter's parents, Mr. and Mrs. Charles F. Wheatley.

Mrs. E. J. Allen has returned from a visit to Lewistown, Pa., where she was a recent guest of her niece, Miss Kathryn Jenkins.

Mrs. John Hirons has returned from Jacksonville, Fla., where she was a guest of her son, Mr. Fred Hirons for a fortnight.

Mr. and Mrs. Howard I. Reed have just received word from their daughter, Miss Margaret Virginia Reed, who is a registered nurse and has been employed in the Cedars of Lebanon Hospital at Los Angeles, California, that she is leaving Los Angeles for Kansas City, Missouri, where she will take up her new duties as stewardess for the Transcontinental Western Airways, flying between New York City and Los Angeles, California, May 10, 1940.

Mr. and Mrs. Harvey Tull, of Cynwyd, will be guests this week-end of Mr. and Mrs. W. Dorsey Hines, at their home, Riverside.

Dr. and Mrs. Hugh Robertson, of Warren, Pa., were guests this week of Mr .and Mrs. Franklin H. Beck.

Mrs. Catherine Beck Jones will leave on Monday for Washington, where she will attend the National Red Cross Convention. Mrs. Jones is the Executive Secretary for the Kent Chapter of the Red Cross.

But the political chatter has all else submerged. I am glad Monday is the day, for after then, we may flit and flutter in a lighter vein.

Yours at the poll.

COORDINATING AGRICULTURAL PROGRAMS

(Continued from page 1)

vailable from local, State and Federal sources.

The Committee is conscious that its program is incomplete and will require constant adjustment to keep abreast of the changing times and conditions.

At any rate, the right kind of cooperation can be based only on continuous educational effort to disseminate the facts—the truth as the means "to set us free" to attack and solve the problems of today and tomorrow. Likewise, the Committee offers its cooperation to other agencies or organizations interested in some phase of this program. The aim is to complement and integrate, not to destroy.

In a later edition, the problems considered by the Committee will be briefly listed. Likewise, the attack on various problems by the committee and the agencies will be listed. It is the hope of the committee that much constructive action and teamwork will be the ougrowth of the enormous amount of thought and effort put forth in bringing forth the program in its present form.

AS WE ONCE pointed out in a previous advertisement, taxing energy is bad. A member of our Association, operating distilleries in Maryland and Kentucky, recently announced an expansion program involving an expenditure of nearly two million dollars in this State. About $900,000 of this amount has already been spent. Save for the fact that the five cents a gallon production tax is still existent in Kentucky, but happily not in Maryland, this expansion would have taken place in Louisville rather than in this State.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try *Doan's Pills. Doan's* help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. *Ask your neighbor!*

To the Ladies!

A fellow once tried to tell me that you couldn't interest ladies in commercial cars. Well, perhaps he was right—years ago. But, believe me, I find lots of ladies who seem pretty pleased that I sell Ford V-8 Commercial Cars to the folks around here.

In the first place, they like to see a trim, smart Ford V-8 Commercial Car drive up to the door. When it comes to looks—you can bet the Ford Commercial Car really has "it."

And they like the quick deliveries the Ford gives. It's always right on the job.

You know as well as I do that nothing upsets a household worse than having the marketing arrive an hour after dinnertime. And if a dress gets there too late for the party—boy, there's the dickens to pay.

You see, the Ford Commercial Car is *built* to stand up on the job. But if something should break down, Ford owners can rely on the Ford Engine and Parts Exchange Plan to supply the needed parts in a jiffy. Even a whole reconditioned engine can be put in overnight.

Yes sir, if you men who operate commercial cars want to make a real hit with the ladies, drop in and let's talk about what a new Ford V-8 Commercial Car can do for you.
