RECENT DEVELOPMENTS in the European War, while still far removed from the Western Hemisphere, have created in this country ever increasing prejudice against the Dictator form of government and the knowledge that as long as such governments exist there is little hope for continued peace other than that secured by far superior armed forces of the peaceful nations. Disregard of promises and treaties by the dictator nations makes this armed defense necessary and while we of America can feel secure against the power of those nations as they exist today yet should their European conquest prove successful, no nation on the earth can feel secure. While the officials of this country are endeavoring to maintain a neutral policy it is to our interest that the allied cause is a successful one. The big question is whether we can continue to maintain our neutral stand without further endangering our place in the world as a democracy.

ANNOUNCEMENT WAS made this week of two drives for funds in Kent County. The local branch of the American Red Cross has started a drive to raise $1,400 in this county as part of a ten million dollar fund for aid to refugees as a result of the invasion by Germany of small and almost defenseless nations of Europe. This invasion has meant the murder of thousands of men who were the main suport of families and also the driving from their homes a tremendous number of women and children. Upon completion of this drive a campaign starts for the enlargement of the Kent and Queen Annes County hospital. This enlargement program is to take care of an already overcrowded condition so that the hospital may be further able to serve this community. Both of these campaigns are worthy and should receive the support of the public.

WORD WAS received Thursday of a reduced electric rate for the area served by the Chestertown Electric Light and Power Co. This reduction is the result of an investigation by the Maryland Public Service Commission folowed by the voluntary reduced rate by the power company. The Business Men's Association of Chestertown has asked for the privilege of taking part in the controversey before the final rate is established which would make the rate one that would still bring a fair return on the capital invested and at the same time make satisfied customers. An amticable solution is the only kind that will overcome the present hostile attitude of users of power and light in this section.

MARYLAND'S NEW Publicity Commission has just issued a very attractive 44 page illustrated booklet pointing out the many attractions that Maryland has to offer to tourists. This State, which has every vacation attraction from its seacoast to the mountains of Western Maryland, its inland waterways, both salt and fresh water, its natural havens for game and fish all offer that for which vacationists are looking but which many have not known about. The tourists business is a good one and while thousands pass through this State they have not been stopping, so lets hope that knowledge of the attractions here will leave dollars of tourist money among those lines of business which directly benefit thereby benefitting all lines of business.

RADIANT LIVING

"Oh dear! Oh dear!"

By Rev. C. M. Griffeth

Pastor Ridgely M. E. Church

Ridgely, Md.

Are you one of those many semi-sad creatures who go through every day with the depressing habit of exclaiming "Oh dear!"?

Has it ever occured to you that such an expression is, in reality, a dishonoring of the mercy, the kindness, and the goodness of our heavenly Father? It is not an expression that indicates a low ebb of faith and a confession of defeat

On the other hand, you meet now and then a person who is in the habit of using a different exclamation. Such a person exclaims at times a wholesome "Praise God!"

Whenever you hear a person, with a beaming face, exclaim a cheery, joyful "Praise God!" you feel somehow that it has lifted you up and strengthened the good which is in you."

When we are depressed in spirit, we seldom think that there are around us others who are also under heavy clouds of depression. When such a depressed person hears your "Oh dear!", do you suppose that he feels any uplift, any brightening of his gloom, any quickening of his faith?

But suppose in a time of depression of spirit, some person should hear you, out of a heart of gratitude, exclaim a hearty and soulful "Praise God!" Would there not come upon his face a brightening of the soutenance, upon his lips a smile of renewed hopefulness, and into his eyes a relighting of the gleam of faith?

A good honest utterance of a "Praise God", even to one's own self, is like bursting forth of the joyful sun through the storm clouds. It is like a drink of delicious cool water to a thirsty throat. It is like a gripping handshake with God Himself!

Why not turn your "Oh dear!" into a "Praise God!"?

Embarrassing

When *Acid Indigestion, Gas on Stomach or Heartburn* make you feel uncomfortable or embarrass you, try Alka-Seltzer, which contains alkalizing buffers and so helps counteract the associated Excess Stomach Acidity.

But the relief of these minor stomach upsets is only a small part of what you can expect Alka-Seltzer to do for you. You will find it effective for Pain Relief in *Headache, Neuralgia, Colds and Muscular Aches and Pains.* It contains an analgesic, (sodium acetyl salicylate), made more prompt and effective in its pain-relieving action by alkaline buffer salts.

When hard work or strenuous exercise make you feel tired and dragged out, enjoy the refreshing effect of a glass of sparkling, tangy Alka-Seltzer.

At Drug Stores in packages and at drug store soda fountains by the glass.
