
A Perfect Day

No form of out-door sport affords greater exhilaration than a tramp through the fields at this season—in the brisk, frosty morning air.

The startled rabbitt, which scampers away from your feet, the whirr of the quail or pheasant, the occasional shot at migrating ducks, offer a range of shooting unequaled at any other season.

The Perfect Gun

Then if you're carrying a Lefever Shotgun and using Peters' Shells you can truly come home at night and say, "Twas a perfect day".

Quick action and perfect balance are the prime requirements in a gun. And you want a shell which will deliver a hard hitting, evenly distributed shot pattern.

Lefever Guns and Peters' Shells fill these requirements exactly.

ALL WOMEN WHO WORK

Should Know how this Worker was Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

Zahl, N. Dakota.—"I was nervous and weak and was not regular. I also had pains frequently. I was sickly for seven years and finally had a nervous breakdown following an operation. I am a dressmaker and milliner, and a lady I work for told me of Lydia E. Pinkham's Vegetable Compound. I am taking it and it has made me well and able to do my work again. I have even helped take care of a sick neighbor recently, so you can see how fit I am. I highly praise your medicine and you may use my letter as you see fit. I hope it will help some other woman."—Mrs. OLE NORDLEIN, Box 23, Zahl, North Dakota.

Over 121,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

98 per cent. of these replies answer "Yes."

This means that 98 out of every 100 women taking this medicine for ailments for which it is recommended are benefited by it. For sale by all druggists.

TAR-FEATHER MOB GIVEN LONG TERMS

Condemnation in strong terms, the conduct of the mob which last July tarred and feathered Dorothy Granddon, 20 years old, of Martinsburg, W. Va., Chief Judge Hammond Urner, in circuit court imposed sentence upon one woman and nine men, suspended sentence upon two and declared five other men not guilty.

The woman sentenced was Mrs. Mary Shank, who pleaded guilty and confessed that in a jealous rage, she tore the clothing from Miss Grandon and daubed her with tar and feathers. She was given nine months in Frederick county jail.

Harry N. Leatherman, of Myersville, where the assault took place was sentenced to two years in the house of correction. Mrs. Shank testified that Leathermen furnished her with the tar and feathers for the "tar party. A like sentence was imposed in the case of Arthur Rice.

Both these sentences were for rioting.

The men also were sentenced for tarring and feathering Miss Grandon, but have asked a new trial.

Nine other men convicted of rioting were sentenced to one year in the house of correction. They are Roma Shank, father-in-law of Mrs. Shank, Walter and Calvin Shank, her brother-in-law; Alvin Rice, John Langdon, Grayson Doubt, Vernon Summers, William Houpt and Irvin Rice.

Sentence was suspended in the cases of Harold Grossnickel and Frederick Shepley. The five men found not guilty of the charge are: Paul Grossnickel, John Shepley, Chester Shepley, Claude and Howerd Toms.

In announcing sentence, Judge Urner said in his fifteen years on the bench, he had never been so torn between sympathy and duty. Many of the accused he knew personally, he said, but the outrage was a stain on the fair name of Frederick county and could not go unpunished.

HOW FAR FROM THE TRUTH?

"And ye shall know the truth, and the truth shall make you free."--John 8.3

It is a very easy thing to say that we are living a Christian life, that we are doing all that is expected of us. How do we know that we are, and by what standard are we measuring our Christianity? Do we take other persons' life as our measurement, or are we measuring our own standards by the laws established by Divine Providence? It is very easy step by step, to lower our standard by failing to compare our own lives with the real standard of right and wrong.

How often do we read the Bible? How often do we ask for Divine guidance and how often do we enter into the spirit of worship? All of these renewing processes are necessary if we keep our ideals true.

The church is holding out to us the means to compare our lives with the truth, if we will but take advantage of the oppotrunity it offers.

DAVIS OR A DEADLOCK

The attempt by the Republican leaders to treat the Democratic candidate as impossible of election is really silly. When cold calculation is made it appear that Davis' chances are much more certain than Coolidge's chances.

The vote Davis is certain to get is double that which is certain for Coolidge. The vote Davis is reasonably sure of is about as great as that which is reasonably certain to go to Coolidge. LaFollette will carry no Democratic state; he will carry some, he may carry many Republican ones.

Those who fear a deadlock with an election by the House of Representatives would do well to vote for Davis. He can be elected by the people.

FARM LABOR SUPPLY HIGHER

The average wages in Maryland for labor hired by the month were reported by farmers to the Bureau of Agricultural Economics, United States Department of Agriculture, on October 1, 1924, at $33.25 with board and $49.90 without board. By the day, including piecework, with board $2.05, and without board $2.75. On the whole these are slightly higher wage figures than were reported on July 1, and are about 2 per cent above 2 per cent above what was being paid in October, 1923, according to farmers' reports.

The supply of labor on October 1 was reported at 78 per cent of a normal and the demand 92 per cent of a normal, making the potential supply about 85 per cent of a normal, same as on September 1. On October 1 a year ago the potential supply was given at 71 per cent, indicating an easier farm labor situation at the present time.

Public works and industry at higher wages continue to hold labor away from the farms.
