
The Auto Your Church?

"This is such a fine day, suppose we take the car and go to Othertown for a visit"—and the church for that Sunday is left to itself.

This is not your idea of supporting the best asset our community has. But many persons do put an auto ride ahead of church attendance

The Church Needs You

The pulpit and the press are the two great upbuilding forces in every community. You wouldn't care to live in any town where either was absent. Suppose everyone gave the church the support you do—in time and money. How long would it keep alive?

You have a definite responsibility to support some church. It is helping you whether you know it or not.
