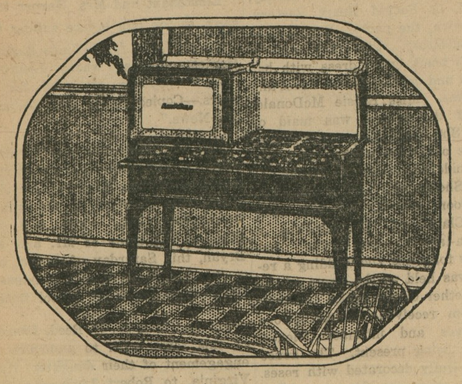
IT'S DIFFERENT



This Oil Stove Gives Gas Speed for Cooking

If you are not entirely satisfied with your cooking results, see the Red Star Oil Stove. It burns common kerosene oil, but it cooks as fast as gas. The patented Red Star all-metal burners produce heat as intense and as even as gas—and they produce it with gas stove speed.

RED STAR Detroit Vapor OIL STOVE

This vastly different oil stove is thoroughly modern in every respect. It is beautifully designed—a joy to look at—easy to keep clean. The white porcelain panels, the smooth surfaces and rounded corners lighten kitchen duties and shorten kitchen hours. Come in and see demonstration of this better looking stove—better cooking oil stove—RED STAR.

NOTICE—Saturday, July 4th, being a legal holiday, our store will be closed.

Will be open until late Friday night, July 3rd, for the accommodation of our patrons.

DOCTOR! FIREMAN! POLICEMAN!

Your telephone is a faithful messenger ever ready to bring aid in emergencies. It never sleeps; it is always on the job!

In an emergency you are as far from assistance as from your telephone. To go downstairs to your telephone may be to brave unnecessary danger; an extension station upstairs will bring aid quietly and quickly.

Extension telephones are step-savers, too. Why rush downstairs every time the bell rings? The cost is only a few cents a day.

Our Business Office will be glad to take your order.
