Glaring Headlights Menace On Roads

Glaring headlights still are all too common on the highways of the State it was pointed out by an officer of the Automobile Club of Maryland, whose statement in regard to this dangerous nuisance follows: "Powerful headlights certainly are helpful to the motorists on dark roads. No one questions that. But headlights that blind an approaching motorist are as great a danger to the man who thinks he is being protected by such lights as they are a menace to the motorist who is blinded by their glare. Headlights can be arranged to light the way altogether adequately and at the same time not blind the other fellow."

A party of 23 young men from Havre de Grace left there last Satday night on Captain Jesse D. Poplar's fine yacht, Fleetwing II, and enjoyed a delightful trip down the bay. They first went to Tolchester, where they stopped and took in the sights on Sunday, also stopping at Betterton on the way back. Bill Greenleaf's Jazz Band enlivened the party and at Betterton the whole population turned out and listened to the boys while they played and sang. They returned home about 6.30 Sunday evening.

HOLLYWOOD-by-the-Sea

"Florida's All-Year Resort City"

Your dream of a vacation comes true in the remarkable "Vacation Fortnight" to Hollywood-by-the-Sea—the outstanding vacation of the summer of 1925.

Hundreds of vacationists in the north are realizing this unparalleled opportunity, and are going to the southland on this delightful summer tour.

Nothing like it has ever been presented to the people of your community. Just look at what it offers, and what it costs! A 3-day cruise down the Atlantic seacoast. Seven days at one of the most attractive Florida seacoast hotels, and another 3-day cruise back home. Every hour filled with delightful recreation and rest.

Summer is "The Season"

Thousands of people in the north are learning for the first time this summer what more sophisticated travelers have learned: that this unique southeast coast of Florida is the most delightful shore in the country for a summer vacation. A prevailing southeast wind blowing off the great expanse of the Atlantic keeps the beach at Hollywood cool; yet the water is just right in temperature for surf bathing.

Then, too, Florida's famous fishing season is on with sailfish and leaping tarpon striking as they strike at no other time of the year.

Make the Comparison

Compare what all this offers, and what it costs with anything in the form of vacation that has come before your eyes. Every comfort, everything to entertain you, everything to send you back home with mind rested and body fit, is to be found on this trip.

What's more, it gives you a chance to see today the most talked-about spot in our country—the magical Florida's southeast coast!

You cannot afford to overlook this remarkable vacation offer for any one of a score of powerful reasons. As well as entertain you, it will broaden your experience, and give you many a new idea on life. Reservations are coming in great numbers. Lose no time in making your own.
