WHY NOT DRINK OUT OF A *Clean* BOTTLE *for a change?*

No dirt—no human hands touch the mouth of the Gunther Beer Bottle. Pour or drink from it, knowing you are protected against germs, dirt or dust!

1 → THE PROTECTING FOIL TOP *Found on most Premium Beers*

2 → ZIP OFF THE CAP.. CLEAN! SAFE! *Untouched by dirt or human hands*

THE BOTTLE of beer you pour or drink from may leave the brewery sparkling clean. But what good is all this care when dirt and dust in damp cellars and on dusty streets collect under the crinkled cap.

You know you're safe from dirt and germs with the new foil-top on the Gunther bottle. Even human hands can't soil the surface it protects.

And the beer. It's Maryland's favorite. And the biggest seller in the Baltimore-Washington market combined! It's the only *special* dry lager sold here at the price of plain every-day beers!
