Time is fleeting. Tomorrow—next week—next month—and next year—come and are gone while one still plans to start action for that "someday" of ease, comfort, peace and plenty.

The YOU of today, in the full power of earning capacity is responsible for the YOU of tomorrow, when earning ability is decreased.

Heed these words from the pages of experience. Call it charity—but start today for the other man—the YOU of tomorrow—so that he may live in comfort and without worry.

Spend less than you make today—and bank the difference.
