POLO GAME WON BY BALTIMORE LADIES

Brilliant playing by Miss Mary Fusselbaugh, of Baltimore. sent the Maryland Women's polo team to victory over the Chestertown women's quartet Sunday afternoon before 1000 fans. clustered about the Atamasco field at Owings Mills.

The score was 7 to 2 and the victory gave the Maryland Mallet-swingers an initial hold on the State women's championship.

After the contest Col. Olo W. Bell, captain of the Third Corps Area polo team, presented a silver trophy to the victorious team.

Originally scheduled for the One Hundredth and Tenth Field Artillery Field at Pikesvill, the game had to be shifted to Atamasco, estate of Mrs. T. J. Randolph Nicholas, when protest arose to such an athletic meet on Sunday.

Mrs. Nicholas captained the Maryland aggregation. Others in the line-up. besides herself and Miss Fusselbaugh, were Miss Katherine Schmidt, of Baltimore, and Miss Dorothy Ford, of Woodbrook.

The Chestertown quartet was led by Mrs. Richard Carvel and included Miss Rowena Woods, Miss Alveta Brice and Miss Elizabeth Wickes. Miss Alverta Brice scored both markers for the losers in the second chukker.

Everyone Can Take Epsom Salts Now

Dill's Epso-Tabs—New Sugar Coated Tablets—Great for Liver and Blood

You need shudder no longer at the thought of taking Epsom Salts. At last science has made it easy for you to take this old-fashioned remedy for constipation and liver troubles.

Even a child may now take Epsom Salts in this new way. There is no nausea— no upsetting of the stomach—no terrible taste. Epsom Salts having been combined with other ingredients have been put into tablet form and sugar coated and given an extra special coating of the great intestinal antiseptic—Salol.

Now you can treat liver ills as they should be treated—you can cleanse and cool the blood and drive the impurities that cause Rheumatism out of the system. Ask any dealer or druggist for Dill's Epso-Tabs. This is the special name given to this new Epsom Salt compound tablet. Be sure to ask for it by this name—Dill's Epso-Tabs—to insure getting the special Salol coated form. A large box costs only 25 cents. The Dill Company, Norristown. Pa.

PLENTY OF CRABS COMING

Conservation Commissioner Swepson Earle stated to a number of local fishermen this week that there is every indication of a big crab supply this year. He has found millions of small crabs further down the bay, and with the coming of warm weather and a chance to shed several times he predicts the biggest season in many years. Let them come.

Ford

Highest in Quality Lowest in Price

The finest steels available are used in the manufacture of Ford cars. The plate glass for windshields and windows is as perfect as can be made. Upholstery material contains a larger percentage of wool than is ordinarily specified—even for much higher priced cars. The basic features of Ford design have never been improved upon by any manufacturer.

No other car offers greater dependability. The Ford car has won the favor of millions of users under every conceivable motoring condition. Its convenience is known and appreciated the world over; its performance is taken for granted.

Such quality is possible at Ford prices because every operation, from mining of ore to final assembly, is under direct control of the Ford Motor Company.

Iron is taken from Ford mines in Michigan; coal from the Company's mines in Kentucky and West Virginia. Glass comes from Ford glass plants; wood from the Ford timber tracts in the North. Raw materials and finished products are carried over the Company's own transportation routes; coke ovens, blast furnaces, a steel mill, foundries and saw mills—all are part of this complete organization. There are even salvage plants, paper mill, cement plant, etc., to transform waste materials into useful by-products.

In this way every possible economy is effected. Under no other circumstances could Ford quality be had at Ford prices.

Features That Maintain Ford Leadership

All-Steel Bodies
Planetary Transmission
Torque Tube Drive
Dual Ignition System
Thermo-Syphon Cooling
Simple, Dependable Lubrication
Three Point Motor Suspension
Multiple Disc-in-Oil Clutch

Cool and sweet as mountain air

HAVE you ever stood in the pine-fringed hills and tasted the wonderful mountain air? Then you know something of that cool, sweet taste of Prince Albert in a jimmy-pipe. There's promise in it . . . the feeling that everything's going to be all right from now on.

Prince Albert is more than a promise. It's a fulfilment! Just tuck a load of this wonderful tobacco into the bowl of your jimmy-pipe and light up. Pull that cool, comforting smoke deep down into your system and see the sun come out!

Every perfect puff tells you that here is the most genuinely friendly tobacco that ever tumbled into a briar. Friendly? Yes . . . friendly to your tongue and to your general disposition. P. A. can't bite and it can't parch, because the Prince Albert process won't let it!

Get yourself a tidy red tin of P. A. this very day. Throw back the hinged lid and revel in the fragrance of real tobacco. Then pack a load into your jimmy-pipe and light up. Get that taste that only Prince Albert can give you!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!

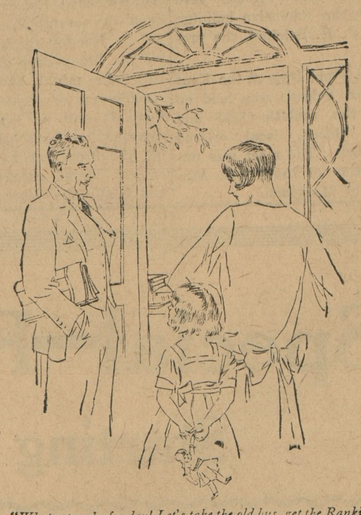
A TELEPHONE IN EVERY HOME



"What a peach of a day! Let's take the old bus, get the Rankins, and drive to Hillcrest."
"All right, I'll call them."
"Oh, I forgot! They have no telephone."

THE home without a telephone is out of touch with the world. The old days when people sent the small boy of the family around to deliver their invitations are gone forever. Don't miss things because you haven't a telephone!

There's a class of telephone service that will fit your pocketbook. *Ask our Business Office about it.*
