Recent reports from the Commissioners of Motor Vehicles, show that deaths and injuries from automobile accidents increased twenty-three per cent during 1940 and the January report shows that this increase is being maintained during 1941. This tremendous death and injury toll is not caused necessarily by violation of motor vehicle laws but carelessness plays a prominent part. During the year 1940 a State-wide educational program was carried out, many so called death traps were corrected, roads were widened, and bad curves eliminated and in spite of all of this, fatal accidents increased. Practically every method has been tried except a rigid enforcement of all laws with an adequate State police force. The presence of police on the highways not only makes the reckless driver more careful but also makes the law-abiding citizen more conscious of his driving. Such a program is expensive but might prove economical when one considers the value of life.

At a meeting of the Frank M. Jarman Post, American Legion, this week, questionaires were distributed to members in connection with National Defense. All ex-service men, whether members of the American Legion or not are requested to fill out the questionaires which request information as to experience in the various trades and professions. There is no obligation incurred on the part of individuals. It is merely to place on file the address of the ex-service men and a recrod of what they can do in case of an emergency. To often, when an emergency arises, confusion offsets the best of efforts and if men can be placed to do the thing for which they are fitted, it will greatly strengthen the defense of this nation. In the emergency in England practically all civilians are assigned to some duty to perform when the occasion arises. With the proper information available men can be assigned to their particular line of work which will result in the utmost efficiency.

A bill is being prepared for submission to the Legislature which is designed to materially reduce the amount of delinquent taxes. If the time arrives when all taxes are paid prior to the time of striking the tax rate for the next year, it will certainly enable the County Commissioners to better handle county affairs and not penalize those who pay their taxes promptly. Although we have not seen the provisions of the bill, the above outline certainly points to a step toward economy and efficiency.

A HEARTY dinner, or midnight lunch, a little too much smoking, perhaps a cocktail or two—great fun tonight; a miserable letdown, headachey feeling tomorrow morning.

You people who occasionally attend a party and enjoy good fellowship and good food, often pay next day for the fun you had.

Why don't you try Alka-Seltzer for that "Morning After" feeling? Alka-Seltzer is one medicine useful in the relief of many minor ailments because Alka-Seltzer combines a reliable analgesic pain-reliever with buffered alkalizing salts.

Try it whenever you have Headache, Acid Indigestion, Cold Symptoms, Muscular Fatigue, Neuralgia, Muscular Pains.

Alka-Seltzer is non-laxative and pleasant to take. Your druggist sells Alka-Seltzer by the glass at his soda fountain and in convenient packages for home use. Why not get a package the next time you are in a drug store.

Be Wise—Try Alka-Seltzer
