How Thick is A Dolar BILL?

NOT very thick—is it? Yet by the thickness of the dollar bill they failed to bank, thousands of people have just missed success. The dollar bill in a bank account here is thick enough to support a man from disaster.

Now You Can Wax-Polish Al Your Floors and Linoleum

" Easily—Electrically—ten times faster than by hand "

Gleaming waxed floors are no longer a luxury—NOW you can have their radiant glow in every room. The new Johnson's Wax Electric Treatment makes WAX the most economical of floor finishes. This treatment takes only a few minutes—there is no hard work—no stooping or kneeling—no messy rags and pails. It won't soil or roughen you hands! And it saves you all the bother and expense of frequent refinishing.

This Johnson's Wax Electric Treatment is so easy anyone can use it. Just spread on a thin coat of Johnson's Polishing Wax with a Lamb's wool Mop. This cleans as it waxes. Then run the Johnson Electric Polisher over the floor and let ELECTRICITY do all the work. This Electric Floor Polisher is much easier to run than a vacuum cleaner—it glides along silently, smoothly, leaving a path of beauty behind it. You don't need to push the Johnson Electric Floor Polisher.

It makes no difference whether the floors are old or new—of wood, linoleum, tile or composition. Nor how they are finished — with varnish, shellac, wax or paint.

You can rent this Electric Floor Polisher for $2.00 a day and in just a short time give all your floors and linoleums this beautifying wax treatment.
