Recipe For A Man's Preparation

Here is a dish the man of the family will enjoy preparing to show off his culinary skill and it's exactly what a man likes.

SHILLALAH

1 tablespoon chopped onion
2 tablespoons butter
1 green pepper, chopped fine
Cook five minutes and add—
2 tablespoons flour
1 cup thin cream
¾ cup strained tomatoes or tomato soup
2 cups finely chopped cheese
Cook together until smooth and add—
1 egg, beaten
½ pound crabmeat
1tablespoon lemon juice

Season with salt and pepper and a scant teaspoon of dry mustard; thoroughly heated and serve.

Kidney Bean Casserole

When husband is coming home for lunch, there is probably nothing that will make his afternoon a better success than a goodly pot of beans prepared in an interesting manner like this:

KIDNEY BEAN AND CORN CASSEROLE

1 medium can oven baked red kidney beans
2 cups (1 can) corn
1 green pepper, minced
½ teaspoon salt
1 egg, well beaten
3 tablespoons grated cheese
Bread crumbs

Mix beans, corn, green pepper, salt and well beaten egg. Put in greased baking dish, and sprinkle top with grated cheese and a layer of fine, buttered crumbs. Bake in a moderate oven (375 F.) for 35 minutes. Serve with chili sauce.

Wash a chicken thoroughly before roasting. A small vegetable brush may be used on the outside if you scrub gently. Clean the inside with running water. Wipe with a dry cloth.

Egg Dumplings For Soup

½ cup flour
½ cup milk
¼ cup butter
1 egg
1 teaspoon salt
¾ teaspoon nutmeg

Melt the butter in a pan and add to it the flour; mix thoroughly and add the milk gradually, being careful to avoid lumping. Cook until quite thick, and then take from the fire and let cool. Add well beaten egg, salt, and nutmeg and beat hard. Drop from a spoon into gently boiling soup and cook from 4 to 5 minutes.

To prevent a fish from slipping from the fingers while cleaning it; dip your fingers in salt.

NEWS GATHERED ON PENINSULA

W. R. Morgan, chief of the Federalsbury fire company, asked a local newspaper to publish the following statement:

"If the people of Federalsburg and vicinity would clean their chimneys more often, the firemen might be able to enjoy a movie once in a while."

Chief Morgan was called from the picture, "Gone With the Wind", when the fire company responded to a chimney fire alarm in the south end of town. He had to miss the last 30 minutes of the show.

Two Crisfield men perished, and another was rescued after clinging to his disabled and sinking vessel for twelve hours, in one of the worst bay tragedies in this section for many years, during a raging Northeast blizzard last Friday evening. News of the tragedy proved fatal to still another resident, William Travis, Tawes, father of one of the victims, who died of a heart attack.

One of the two dead men, Clarence Tawes, 19, is still missing, while the body of the remaining one, Captain Robert W. Dize, was found Sunday, tied to a skiff, near Taylor's Island, Md. Captain Maurice Ward, owner and skipper of the ill-fated vessel, the "Louise Travers", was rescued near North Beach.

In 1933 the Legislature passed a law authorizing the zoning of the state, several counties, Talbot included, being exempted. Since then, however, the Mayor of Easton has named a housing commission to study the conditions in Easton with a view to remedying many conditions that need attention.

John Walker, a second year student at the Elkton High School, and a son of Mrs. Edward Russell, of near Cowentown, died at Union Hospital here late Sunday night, from loss of blood from a severe scalp wound caused by what is supposed to have been an accidental discharge of a rifle late Sunday afternoon.

Warrants for the apprehension of 21 draft delinquents on the Eastern Shore of Maryland, including some in Worcester County, were issued Saturday by U. S. Commissioner Lewis C. Merryman at Salisbury.

The twenty-one delinquents are wanted by Local Induction Boards at Snow Hill, Salisbury, Denton, Easton Cambridge, Chestertown and Centreville. All but one are negroes.

The Eastern Shore Baseball League will operate this season as a six-club circuit. Directors of the loop at a meeting held in Cambridge Sunday voted that the franchise of Dover and Pocomoke City revert back to the league. However, a loophole was left for the return of the clubs if sponsors for them are forthcoming.

William Jennings Bryan, of Salisbury, a volunteer fireman and national guardsman just inducted into the army, dashed from the armory automatically when the fire alarm sounded.

He was A. W. O. L. two hours fighting the fire. Bryan later spent a few days peeling potatoes.

Word has been received that the President has approved an allotment of $22,941 made by the Works Projects Administration, to construct a High School and Auditorium building and improve school grounds and facilities at Sudlersville.

The improvement includes erecting fences, placing flag pole, providing well, installing sewers, and performing incidentals and appurtenance work.

Members of the Maryland State police force thus far have been exempted from the draft, it was revealed today by Col. Beverly Ober, superintendent of the State police.

Colonel Ober's statement was made before the House Ways and Means Committee during a hearing on a bill which purportedly would make more flexible the educational requirements concerning prospective State policemen.

Construction work at the new Dover Airport, located about three and one-half miles south of Dover, was started on Monday morning when a crew of men began excavation work for the large runway.

The initial contracts include construction of the main runway, which will be 4,400 feet in length and the basic lighting at the field, including ground lights and the beacon tower light. All former service men in the Dover area are requested to volunteer for service to be trained for duty as airplane spotters in event of a National emergency, it was announced at the monthly meeting of Walter L. Fox, No. 2, American Legion, on Tuesday evening.

All persons who would care to volunteer for this service can register with George W. Ayars, Commander or any other officer of Fox Post. A course of training will be given to those accepted for the duties.

Vernon Keough, who lived in Denton several months before going to France, lost his life while fighting with the Royal Air Force, according to a dispatch from London.

Nicknamed "Shorty" because of his stature, he was 5 feet 2 inches tall, and was 28 years old.

He was a parachute jumper and served with the French Air Force until the fall of France. Making his escape to England, he joined the American Eagle Squadron of the Royal Air Force.

The County Commissioners, of Harford, on Monday, after considering the matter for the past three or four weeks and after several public hearings, adopted a resolution that the board ask Baltimore City to pay to the Treasurer of Harford County the sum of one hundred thousand dollars each year in lieu of loss of taxes on the lands which would be flooded if Baltimore City constructs a dam on Deer Creek above the Rocks, and also in lieu of loss of taxes for whatever future assessment might possibly be placed on the flooded lands or any improvements thereon, the location of the dam site to be north of the state roads bridge just above the Rocks, and the Commissioners ask that five to six million gallons of water be released from the dam each day to take care of the situation below the dam.

The City Council of Salisbury at its meeting on Monday ordered City Solicitor Charles W. Potts to start suits at once for the condemnation of the right of way through the property of Hilary M. Taylor and the Taylor Oil Company for the new By-Pass.

These suits were made necessary by the ruling that these properties could not be acquired any other way, owing to the fact that Mr. Taylor was a member of the council and the charter forbids any business transaction by a councilman with the city. These suits will clear the way and it is expected that work on the By-Pass will soon follow.

No Ford has ever carried EXTRA VALUE quite so far!

We'd like you to see and drive the finest Ford we've ever built.

You'll find its big bodies longer inside, greater in total seating width, and larger in windshield, than anything else in the Ford price field right now.

You'll find a great new Ford ride, too. A soft and quiet new ride that has surprised a lot of people and may surprise you.

And with its room and ride and view, you get Ford extra power with extra thrift, the biggest hydraulic brakes near its price, and a lot of fine-car mechanical "features" found *only* in a Ford at low price.

If you are choosing a new car this year, you'll do well not to miss this Ford. And not just because *we* say so, but because the *facts* do!

GET THE FACTS AND YOU'LL GET A FORD! Ford

$200,000
