WILMINGTON DOLLAR DAY

Merchant members of the Wilmington Chamber of Commerce will conduct their official fall dollar day on Wednesday, September 7th, according to an announcement received from that organization. This event, like all other official dollar days which are usually held in the spring and fall of each year, is sponsored by the Mercantile Section of the Wilmington Chamber.

The event is being widely advertised throughout Wilmington's trade area, comprising the Eastern Shore counties of Maryland, Delaware and the adjacent counties of New Jersey and Pennsylvania.

Special efforts have been made by the merchants of that city who will participate in the official dollar day to present to shoppers the best values ever offered during an event of this nature. Seasonable merchandise, at reduced prices, will be offered during this event which has become a permanent institution promoted solely for the purpose of creating a stronger goodwill in Wilmington's trade area.

Warning has been issued by the Cooperative Sales Committee in charge of the affair, that only merchants displaying the official dollar day card on the 7th are officially participating in the event. These cards are distinguished by the official emblem of the Mercantile Section, which can be used only by members of the organization.

The firms which, to date, have signified their intention of participating in the official Dollar Day in Wilmington are:

Lippincott & Co., Inc.
Arthur's Apparel Shop.
Jas. T. Mullin & Sons, Inc.
Grant's.
Sigmunds.

BAY SPAN HEARING SET FOR SEPT. 15

The application of the Chesapeake Bay Bridge Company of Baltimore, Md., for approval of plans of a steel truss highway bridge across the Chesapeake Bay between Miller Island and Tolchester, Md., will be considered at a public hearing on the subject, to be held by J. R. Pattis, at Room 403 Customhouse Building, Gay and Lombard Streets, Baltimore, Md. at 1.00 p. m., Eastern Standard Time, September 15, 1927.

All interested parties are invited to be present or to be represented at the above time and place, particularly navigation interests and the officials of any county, city, town, or local association whose interests may be affected by the construction of the proposed bridge. They will be given an opportunity to express their views upon the suitability of the location and the adequacy of the plans in reference to navigation, and to suggest changes considered desirable in the interest of navigation.

Oral statements will be heard, but for accuracy of record all important facts and arguments should be submitted in writing, as the records of the hearing will be forwarded for consideration by the War Department. Written statements may be handed to the undersigned at the hearing or mailed to him before hand.

The plans submitted by the applicant show that the bridge when completed will have a vertical clearance of 11 feet above mean high water level excepting at the draw spans and approaches thereto; that there will be two draw spans, one near the the west end of the bridge on a skew and with a horizontal clearance for navigation of 135 feet, and one near the east end, normal and with a horizontal clearance for navigation of 210 feet; that both draw spans when closed will afford a vertical clearance of 35 feet above mean high water and when open a vertical clearance of 135 feet.

Stuart S. Janney, one of the promoters of the Chesapeake Bay Bridge Company, said last night that work would be started immediately after approval of the War Department was obtained.

On Being Broad-Minded

A man may be so broad that he is flat.—American Magazine.

London's Flower Supply

During the spring season the Scilly isles send a daily average of 25 tons of flowers to the London market.

Shiftless Folk

A small negro boy, aged six, in Goochland county, Virginia, accompanied his father to Richmond recently, his first visit to the city. "How did you like it in town?" some one asked him, on his return. "Hit's all right," replied the little darkey, "but jes' walkin' aroun'—Ah doan' see how dey makes a livin'."

World Use of Latin

Even after the downfall of the western Roman empire in the Fifth century, Latin continued to be what may be called an international language. It was the written language of all higher education. In the matter of physicians' prescriptions the use of Latin is a remnant of that international standing of the language. It makes a prescription good in any civilized country.

Long Hyacinth Bloom

A hyacinth bloom eight inches in length was recently exhibited at a London show.

The Dahlonega Mint

There is not a mint at Dahlonega, Ga. But there was from the 1830s until the Civil war. Dahlonega is situated among the foothills of the southern portion of the Blue Ridge mountains in a gold mining region. The name is from a Cherokee phrase meaning "gold." The coins minted there were gold, and bore the mint mark "D."

Change A Dog's Name and You Kill the Dog

But the point is this—you can't kill the name—it goes marching on.

As long as Men's and Boys' Apparel is produced in so many varieties from bad to good you will always have to be guided by a name when you step up to a counter.

We sell well known merchandise—we couple good names with ours because we haven't even a corner in floor space of 6th and Market for bad ones.

The following are some of the brands we market—let's see how many you are wearing.
