ROTARIANS INSPECT LOCAL TEL. EXCHANGE

The Chestertown Rotary Club, following the meeting Monday night were guests of Mr. Edward Hepding on an inspection tour of the local telephone exchange. They saw the entire system starting with the multitude of small wires of the incoming cabel and following them through the exchange boards to the outgoing cabel.

Five operators were at the switch board and when one considers that all calls to and from the various exchange in Kent County together with those from Sudlersville and Church Hill go through that board it is needless to say they were busy.

Although the Millington, Sudlersville and Church Hill areas are on the dial system all outside calls are handled at the Chestertown exchange.

Hurt In Auto Accident

Frank Hogans was injured in an automobile accident Wednesday at Middle River. His auto collided with a truck. His mother, Mrs. Anna Atwell also received lacerations of the face and head.

Stethoscope Mine Testing

The stethoscope, an instrument used by doctors, soon may be used to test coal mine tunnels. The present method is to "sound the roof" with cane or pick handles to detect weaknesses. When one is discovered timbers are placed under the faulty section to hold the coal in place. Some faults, however, are not disclosed by this method and large roof sections sometimes fall with lightning swiftness, killing miners. The mine-size stethoscope, it is hoped, might expand the testing sounds and disclose danger signals not heard by the unaided ear.

CCC Food Supplies

It takes 1,500,000 pounds of food every day to feed the boys in the CCC camps.

NEWS OF THE BOYS AT CAMP MEAD

Lieut.-Col. Franklin served as Deputy State Health officer of Cecil, Kent and Queen Anne Counties from July, 1831 to February, 1927. He then was director, Bureau of Communicable Diseases, Baltimore City Health Department until January, 1929, after which he served as deputy State, County and City Health Officer of Allegany County and Cumberland, Md., until February 3, 1941. He also was on the staff of both the Allegany and Memorial Hospitals in Cumberland and is a member of the Council of the Medical and Chirurgical Faculty of Maryland.

Capt. Marrone has been a Frederick, Md., dentist for 14 years and was commissioned a first lieutenant in the Medical corps in 1932. He received his captaincy in 1937.

For eight years Major Marrone was associated with the State Department of Health, conducting dental clinics in Frederick County schools during that time. He resigned in September, 1940, to become regimental dental-surgeon.

In civilian life Major Marrone organized the rescue squad of the United Fire Company in Frederick. For a number of years he has been first aid instructor for the American Red Cross.

Capt. Charles A. Cravotta has been relieved of active duty because of a physical disqualification. A resident of Pittsburg, Pa., he joined the detachment on April 15.

Lieut-Col. Franklin was formerly health officer in Kent County and is a frequent visitor here.

Pvt. 1cl. Benj. F. Gardner, Jr.

AS CHESTERTOWN DOWNED CHESTER TWO GAMES SUNDAY

Charles Crowding of Chestertown sends one up in the air Sunday as Chestertown downed Chester in the Eastern Shore Soft Ball League 7-0 and 12-0. The game was played at Radcliffe Park.

Chestertown will play St. Michaels at Radcliffe Park Sunday afternoon.

Synthetic Koroseal

Electric transmission cables coated with a new synthetic called koroseal have been found capable of resisting the destructive ravages of the extremely corrosive gas, ozone, for periods as long as three years. Cables coated with ordinary insulating material are eaten through by ozone in three seconds.

National Forensic League

The National Forensic league is a national honor society for high school debaters and orators. Its primary purpose is to encourage students to engage in interscholastic speaking activities. Membership is limited to 500 high schools of superior attainments in interscholastic speech work.
