MASS ACTION

Men students at Queen's University, Kingston, Ontario, voted a strike in protest against the suspension of three medical students, whose crime was attendance at an unsanctioned dance. Protestants ascribed the situation to inefficiency of the student senate, which issued the suspension order. The strike culminated at the end of one day in a promise of reinstatement.

Which Will You Save?
YOU can save pennies or save chicks. Poultry yard facts show that ordinary untested rations and mixtures such as hard boiled eggs and oatmeal save pennies but not chicks. Usually 50% of them die. Poultrymen who are making money invest one penny more per chick and save 90 to 100% of their chicks. They feed Purina Chick Startena, the buttermilk starting ration containing Cod Liver Oil. We'll be glad to tell you of a feeding plan that's as simple as A B C. It saves chicks and brings them through to early maturity.

Sense and Philosophy

A colored man being interviewed by authorities in regard to a shooting affray gave to the world this bit of philosophy:

"Ah didn't see nothin' so ah don't know nothin'!

"You all know, boss, I spends six months of every year 'tendin' mah own business and ah spends the other six months of the year tryin' to keep from 'tendin' other people's business so all in all, I'se a busy man."—Birmingham Age-Herald.

Earning Praise or Blame

What people say of us after we are dead matters little so far as we are concerned. What they say of us while living may be of utmost importance to us. Yet for the one as well as for the other we are very largely responsible —Grit.

COULD NOT GET OUT OF BED
Lydia E. Pinkham's Vegetable Compound Strengthened Her

Elkhart, Ind.—"I had a tired feeling and was unable to get out of bed without the help of my husband. We heard of the Vegetable Compound and decided to try it. I am still taking it and it sure is a help to me. I can do my work without resting before I am through. I know that if women will give the Vegetable Compound a trial they can overcome those tired and worn-out feelings. I cannot express the happiness I have received and how completely it has made over my home."—Mrs. D. H. Sibert, 1326 Laurel St., Elkhart, Indiana.

CHURCH MAY RE-ELECT DR. LEWIS

The Rev. Dr. J. C. Broomfield, president of the Pittsburgh Annual Conference of the Methodist Protestant Church, is being mentioned as a candidate for the presidency of the General Conference of the denomination which opens here May 16.

The Rev. Dr. Thomas H. Lewis the present head of the organization who has served twelve years in that capacity, is eligible for re-election and there is a strong sentiment for his continuance in the office.

Dr. Lewis was for many years the president of the Western Maryland College. While president of the college he also served four years as president of the General Conference. Eight years ago the conference made its presidency a full-time office, renamed Dr. Lewis to the place, and he resigned from the presidency of the college.

Approximately 250 accredited delegates, representing virtually every part of the United States, and a number of returned missionaries will attend the conference. It will mark the one hundredth anniversary of the founding of the denomination.

Sessions will open in the Lyric May 16 with an anniversary celebration of the founding of the denomination one hundred years ago in old St. John's Church, then located on Liberty street, between Fayette and Lexington.

Business sessions of the conference covering a period of about ten days will be held in St. John's Church, now located at St. Paul and Twenty-seventh streets.

At the anniversary exercises addresses will be made by the Rev. Dr. Parkes Cadman, president of the Federal Council of Churches of Christ in America; Bishop John Gardner Murray, Primate of the Protestant Episcopal Church in the United States, and the Rev. Dr. J. Ross Stevenson, representing the General Assembly of the Presbyterian Church in the United States.

The local committee arranging for the convention is headed by the Rev Dr. William H. Litsinger, pastor of North Baltimore Church.

Look for Opportunity for Good Investment

You do not have to go a thousand miles from home to make money. Opportunities are all around you. Look about. Keep your eyes and ears open. Ask questions. Investigate. If you find—and you will—an enterprise in your town which has fallen on evil days, get at the reason for its difficulties. It may be bad management, it may be dishonesty, it may be extravagance, it may be faulty manufacturing, it may be any one of a hundred things. No matter! If the business is one which justifies itself—that is, if it serves or tries to serve, some good purpose—the chances are nine in ten that, some day, somehow, it will "come back." When it starts—when it is evident that it is headed upgrade, put what money you can spare into it. You may lose; but I doubt it. One of the richest men I know bought stock in the company of which he is now president and the largest stockholder when it was so thoroughly discredited that its $100 shares were selling at less than a dollar, and he was bookkeeper on a salary of less than $100 a month. But, investigate before you invest, not after, if you would play safe.—From The New Age Illustrated.
