YOUNG DEMOCRATS PLAN TO CARRY THEIR FIGHT FOR REPRESENTATION TO SALISBURY CONVENTION

The United Young Men's Democratic Clubs of Montgomery County plan to carry their fight for changes in the representation of the counties in the governing bodies of the Young Democrats of Maryland to the floor of the Convention of the Organization to be held in Salisbury on the 29th of May.

At the last State convention, held in Baltimore last year, the resolution of the Montgomery County delegation to place all representation on the basis of the Maryland legislature was not reported from the resolutions committee, but the committee controlled by the present governing body from Baltimore City did sign a promise to use their influence in the State body to call a constitutional convention to take up this matter of a more equal distribution of the governing power, comparable to the Democratic form of representation in this State.

The Montgomery County delegation now points out that this promise has never been kept and that their club has instructed them to find out why the unfair discrimination against the Counties cannot be halted. They point out that the present allotment of power is undemocratic and is a serious drawback to the effective work of the State organization and reflects back to the Counties and hampers local effectiveness.

The Montgomery County delegation states that they have received the pledged support of several of the other counties of the State as well as the support of certain representation of the City of Baltimore. They are requesting and seeking the support of all of the counties to the end that that clean, fair and intelligent leadership, typical of the young leaders of the nation today, be made a vital factor in the forthcoming development of a stronger and more unified Democratic party throughout the entire State.

T. Ormonde Nichols, of Chevy Chase, president of the Montgomery County Clubs, stated, "Montgomery County should be successful in its fight to put the Young Democrats of Maryland on a truly Democratic basis, but win or lose we will have had the satisfaction of having fought a vigorous battle in the best interest of our party and our State. Montgomery does not seek power but it does seek that fair and equal

Criticism of Judge Results In Arrest

Objections to the decision of Judge Harold C. Smith in a case in police court Tuesday resulted in disorderly conduct charges and arrest of George L. Egbert, Baltimore.

Judge Smith dismissed charges of larceny of a fishing rod against Thomas Norris, of Seneca, which Egbert had preferred.

He grumbled in court, and later saw the judge in a Rockville restaurant and proceeded to tell him what he thought of the decision. The judge called Sergt. Earl H. Burdine. Meanwhile Egbert had climbed into his car and was grinding the starter when police arrived.

"You're under arrest". Burdine said. "You can't arrest me. You haven't any warrant". Egbert replied.

"Oh, yes, I can". Burdine replied. "I am going to lock you up on suspicion". He tried to pull Egbert from the car, but the man hung to his steering wheel. Detective Sergt. Vollten and Policeman Shoemaker went to the sergeant's assistance. Egbert was charged with disorderly conduct and released on $50 collateral.

JOHN C. WHITE KILLED BY LIVE WIRE IN AUTO MISHAP ON ROCKVILLE-DICKERSON PIKE MONDAY

In an unusual automobile accident on Monday night, John Carlton White, 38, was electrocuted by a live wire from a pole the machine had felled. County police officers who investigated were unable to determine upon its cause.

The car containing White, a resident of Buck Lodge; his brother, Michael S. White, 27, owner of the car, and Leslie Luhn, 41, of Dickerson, crashed into an electric pole on the Dickerson-Rockville pike and snapped it off.

The pole fell across the car, bringing down the highly charged wires with it. Emerging from the machine, John White stepped on one of the wires and was killed almost instantly. His brother and Luhn suffered injuries from shock.

Officers said a wire fence along the highway was charged for half a mile. A dog owned by School Commissioner Thomas C. Darby was frightened at the crash, tried to squirm under the fence and was electrocuted.

Officers Marion B. Dayhoff and Wilson Payne, of the Montgomery county police, who investigated the accident said they could not account for its cause. The car struck a pole on the right side of the road on a straight stretch.

John White, the man electrocuted, was driving the car. The crash turned it almost completely around and his side of the machine was swung toward the fallen wires.

Dr. Upton D. Nurse, of Dawsonville, pronounced White dead and gave the other two men first-aid treatment.

White's body was removed to the funeral home of Hilon and Price, Barnesville and prepared for burial. Funeral services were held at his home at Buck Lodge Wednesday morning, with the Rev. Ernest T. Harrison, of the Poolesville Methodist Church, officiating. Interment was at Monocacy Cemetery, Beallsville.

County Liquor Board Issues New Licenses

Class A distributors' licenses were issued Monday by the County Liquor Control Board to Bernard W. Fling and the Globe Distributing Co. The board approved use of Key's warehouse in Linden by Fling, following a ruling by Attorney General Herbert R. O'Conor that the rule against more than one license in a building did not apply to warehouse permits.

The board announced opposition to any amplified music at open air beer gardens and announced its decision denying a license to Willie Smith, colored, of River road, had been reversed by the State license board.

Farmers' Spirits Are Now Riding High

"A marked recovery not only in farm income but in farm spirits" has been revealed in a comparison of questionnaires distributed by the Bureau of Agricultural Economics in 1933 and in 1937.

"In 1933 most farmers were vitally interested in the depression", says the Bureau. "A number of them declared that 'revolution' was at hand and that the farmer will lose his patience this year if some relief does not come in some form or another."

But relatively few of the 1937 schedules indicate economic distress, and no farmer mentions revolution. Also "more than three times as many comments in the current schedules are favorable to the programs of the Agricultural Adjustment Administration as are opposed".

Brooke; Alloway, home of the Misses Miller, and Edgewood, home of the Misses Stabler, both a part of the old manor tract; The Porches, near Brookeville, home of Mr. and Mrs. William Hurd Hill; The Cedars, owned by the Misses Hutton, near Brookeville.
