them inwards, and saluted the troops with flourishes of their music and colours, and a continual roar of applause from two thousand cheering voices, till they had passed, with their baggage between the ranks thro' the whole length of the jolly hearted procession. Such a timely welcome was truly worthy of our citizens and grateful to their brave and generous defenders. *ib.*

FROM OUR CORRESPONDENTS.

NEW-YORK, AUG. 24, *Wednesday, noon.*

The Steamboat Richmond, which arrived yesterday, brought nothing new from the fleet or the army.

Arrived, letter of marque schr. Hollins, W. S. Stockett, of *Baltimore*, from Havanna, in 8 days, sugars, &c. to Stevenson & Goodwin. Was chased close in by a frigate. She contradicts the report of war being declared by Spain against the United States.

From the Albany Argus, Aug. 23.

From Sackett's Harbor, we learn that our fleet remained in its former position; that the enemy's large ship would be off in October, and that the frames for two frigates, brought from England, had arrived at Kingston.

AMERICAN AND Commercial Daily Advertiser.

BALTIMORE: *SATURDAY, August 27.*

We cannot correctly say what is the present situation or number of the British in or near Washington, more than that none of them were on this side of Bladensburg last evening at 6 o'clock.—General Winder was on or near the Fredericktown road, with a large force, watching the movements of the enemy.

Commodore BARNEY, with his gallant flotilla crew, bravely disputed the entrance of the enemy into the city of Washington. They fought most desperately; but like the rest, were overpowered by numbers, literally ten to one.

From the active preparations making, and the increasing spirit and number of our troops, we shall be able not only to defend our city, but also to annoy the enemy—In these efforts, we shall be ably assisted by the Commodores Rodgers, Porter, and Perry, who command a large body of gallant seamen. Our formidable body of well trained Artillerists will aid in giving the enemy a warm reception.

FROM ROSS'S TAVERN.

August 25th, 10 o'clock A. M.—No English on this side of Bladensburg. They are employed in removing the wounded and burying their dead, which are believed to be numerous. No houses are injured.

3 o'clock P. M.—Nothing further.
6 o'clock P. M.—Ditto ditto.

The Governor has appointed Major General Smith to take command of the military force here, and to make the necessary preparations for the defence of the city. *Gazette.*

INVITATION.

Elderly men who are able to carry a firelock, and willing to render a last service to their country and posterity; are requested to meet at the Court House at 11 o'clock to-morrow, to form a company and be prepared to march in conjunction with the troops expected to move against the enemy.

Baltimore, August 26th, 1814.

BOSTON, AUG. 22.

To the Editors of the Gazette.

HOLMES' HOLE, (VINEYARD,) AUG. 17,

Gentlemen,

"His Majesty's frigate Pulmona, formerly the French frigate Eolus, went into Menamshai, and took off five oxen and a number of sheep, for which they paid in specie; and yesterday she came into this harbor, immediately after came to anchor, and sent her boat on shore for a pilot, to carry her to Nantucket. The officer being informed that the ship, drawing so much water could not be carried over by any of our pilots, returned on board; but could not satisfy the Captain but that she might be carried over; and he then sent another boat on shore, with the first Lieut. another officer, and 12 men, with orders to fetch off a pilot or six men. The officers and men were very civil, said their Captain had been deceived by a person he had on board, who said he could carry her over, but when he arrived here, he said he could not; that the Captain was sick, which made him rather fretful; and requested one of our citizens to go off and talk with the Captain, promising to set him on shore again. Captain Peter West went off to see the captain, and was treated very civilly indeed.—He said he had written orders to go to Nantucket, and relieve it, and give them liberty to trade to the continent: that his designs on Nantucket were not ill, but good. Capt. West advised him to go round the south side of the Vineyard; that it was not safe to go over the shoals at any rate. The captain said he was very much obliged to capt. W. for coming off, and should accept of his advice: he then put captain West on shore, immediately got under weigh, and went out of the Sound."

By the Committee of Vigilance and Safety,

Resolved, That all good citizens be, and are hereby requested to give to this committee any information they may have, relative to suspected persons or places; and that the members of this committee be and they are hereby required to appoint such persons as they may think proper, in each ward and precinct, to search such suspected persons and places: and the persons so appointed, shall report to this committee any information that may be obtained.

Resolved, That the owners of vessels now moored and made fast, at or near the wharves of the city, are hereby directed to remove their vessels immediately to some place below *Harris's Creek*, for the greater security.

Whereas, It has been communicated to this committee by Brig. Gen. STRICKER, Com. PERRY, Maj. ARMISTEAD, and Capt. SPENCE, in person, that it is their wish that Maj. Gen. SMITH be requested to take the command of the forces, which may be called into service for the defence of the city—Therefore

Resolved, That Col. *John E. Howard*, Mr. *Frisby* and Mr. *Stewart*, be appointed to wait on Maj. Gen. SMITH, and communicate to him the information this committee have received—to state that they unanimously concur with the same; and to request that he would at this important crisis take upon himself the command of the forces, that may be called out for the defence of our city.

Whereas in the present exigency, MONEY will be wanted for various purposes, therefore

Resolved, That the inhabitants of the City and Precincts be, and they are hereby invited to contribute thereto by calling at the Mayor's office, who will receive such contributions, and will publish the names of the contributors, and the sums by them severally given, to be appropriated to such objects as the committee of *Vigilance & Safety* may authorise and direct.

Resolved, That the Mayor be and he is hereby authorised and directed to employ an additional Watch, to guard the City and Precincts, and that the expence be paid out of the funds of the Committee of Vigilance and Safety; and that the City Commissioners, and the Companies of the Eastern and Western Precincts, be requested to aid him in the execution thereof.

POSTSCRIPT.

By the Expedition Stage of last evening, we received from our corre pondent in Philadelphia the following:

NEW YORK, *August 24,—Noon.*

The Steam boat Richmond, which arrived yesterday, brought nothing new from the fleet or the army.

Latest from the Havanna.

Captain Stocket, of the schr. Hollins, who arrived at quarantine yesterday morning, in 8 days from Havannah, informs, that a few days before he left there, two Spanish sloops of war, a brig and two schrs. with troops, sailed from the Havanna for Pensacola; and the day after, a British frigate and two sloops, with implements of war, military dresses and presents for the Indians, sailed for Pensacola.

A fleet of twelve ships, uuder convoy of a frigate, had arrived at the Havaona, in 45 days from Cadiz, laden chiefly with flour and wines. Fifteen sail of English merchantmen were to sail from Havanna for England on the first of September.

Capt. Stocket says it was the general impression at Havanna, that a war between the United States and Spain would take place, unless the U. States would relinquish their title to N. Orleans. Flour at Havanna was $28 a barrel. Capt Stocket was chased into the Hook by a British 74 and razee, at day light this morning they were within about 2 mfles of him, and fired several broadsides at his schr. but did her no injury. as most of the shot fell short.

Brigadier Gen. Swartwout, who some time since, tendered his resignation to government, but which was not accepted, will, we understand leave here in a day or two to join the army at Erie.

ST. MARY'S COLLEGE.

Is has hitherto been a regulation of this College, that no student should be admitted, but upon the condition of learning Latin. The Directors are determined to maintain and promote, as much as is in their power, the study of that language, as the basis of a literary education. However they daily recive so many applications for pupils who want to be dispensed with the aforesaid rule, that they think it convenient to comply with the desire of the parents, and declare that henceforth they will admit scholars without subjecting them to the study of the dead languages. The instruction of this description of students will comprehend, at their choice, the English, French and Spanish languages, Geography, and the use of the Globes, Practical Arithmetic, Mathematicks, in all their branches, Surveying and Natural Philosophy.

The execution of this plan will begin on the first Monday in September next. Parents and guardians who wish to enter their sons or pupils in this College at any time, either as boarders or day-scholars, are requested to give as early notice as possible, that proper arrangements may be made accordingly.

A FARM FOR SALE.

Will be offered at Public Sale, on the 10th of October next, if fair, if not the next fair day,

A Valuable Small Farm,

Containing 122 Acres and several square rods, situate in Anne Arundel county, Maryland, near Carroll's Manor, and about 1½ miles from the Baltimore and Frederick-town Turnpike road, in a healthy and agreeable neighborhood. This land is greatly adapted to clover and plaister, and I will venture to say it possesses springs of water equal, if not superior to any in this state. About 40 Acres of this land is heavily timbered; the balance cleared and divided into square lots, (6 in number) mostly in clover. This farm is the late residence of Elizabeth Ireland, deceased, and sold according to her will, for the benefit of her heirs.
