YES, A GOOD 5c CIGAR AT LAST
It Knocks Out All Previous Ideas You Ever Had
Men, forget the many times you've lit a five-center, taken a few puffs and thrown it away. Try one more brand: *Havana Ribbon*. You sure will hold on to this one!
Havana Ribbon is a five-cent cigar in one respect only: Price. By every other standard of comparison, it belongs to a considerably higher-priced class. And the reason is—*It's ripe tobacco!* Many five-cent cigars contain the poorer leaves of the tobacco plant—under-ripe top leaves (usually bitter); or over-ripe bottom leaves (usually flat-tasting). *Havana Ribbon* contains only choice *fully*-ripe middle leaves. Imagine getting, for five cents, all the fragrant, mellow-mild, fine-flavored goodness of tobacco at its best! You can prove it in two minutes. Just plank down one jitney at the next cigar counter and ask for *Havana Ribbon*. Also sold in *Practical Pocket Packages* of five cigars.

FARMS WANTED

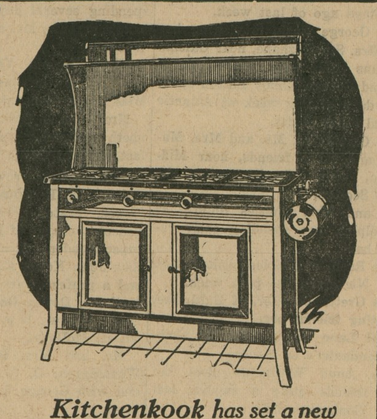
KENT NEWS $1.50 A YEAR

How long should it take to boil water?
2 qts. of water raised from 45° to boiling
-in 6 min. on the new KITCHENKOOK
-in 7½ min. on an ordinary city gas range
-in 21 min. on a popular make of kerosene range



These figures are the results of scientific tests made in the engineering Department of a leading American University. They are given here to show the progress which is being made in the development of fine cook stoves.

Kitchenkook has set a new High Mark in Cooking Speed
Comparative tests show that the Kitchenkook is faster than any other type of cook stove; faster even than city gas, the usual standard for comparison.
Kitchenkook makes its own gas from common gasoline, bringing to homes located beyond the reach of gas all the convenience, cleanliness and comfort of city gas service. It's cheaper than any stove you have ever used. No wicks or chimneys, no smoke, soot or kerosene odor. Master burner lights in less than one minute; then all burners turn on or off as wanted, just like gas. No waiting, no delay; fire regulated instantly just as you want it. Kitchenkook is so simple children can use it in perfect safety.
Don't fail to ask us for a demonstration of the wonder stove that is revolutionizing the whole industry, the most talked of stove today. Made in 16 attractive popular priced models, including white porcelain enamel ranges, with oven and broiler.

HOT WEATHER LOWERS EGG CONTEST RECORDS

Genuine summer temperature, combined with the season tendency toward lower egg yields, was the responsible factor for a three-point drop in egg production during the36th week of the Maryland State Egg Laying Contest at the University of Maryland State Egg Laying Contest at the University of Maryland Experiment Station, it is announced by Roy H. Waite, contest supervisor.

While production at the end of the 36th week had fallen off to 50.73 per cent, the leading pens, all Leghorns, were able to maintain their relative positions although none of them figured in the high scores during the week.

Chicks get from Purina LIFE and GROWTH~

FROM the time chicks step out of their shells, they look to you for protection and care to live and thrive. Poultry yard facts show that more than 90% of the chicks fed Purina Startena and Purina Baby Chick Chow live and grow rapidly into plump broilers and early laying pullets. Isn't it sound business economy to feed Purina, which saves 9 out of 10, instead of average mixtures on which 5 out of 10 chicks die? Come in and let us show you how to save chicks and get them to early maturity.
