SENATOR BLAINE WIS. REPUBLICAN DESERTS HOOVER

United States Senator John J. Blane, of Wisconsin, Republican, in a statement issued at his home, Boscobel, Wisconsin, made public by Democratic national headquarters, in New York, announces that he will not support no vote for Herbert Hoover.

His statement follows:

"No Republican owes any political allegiance to Mr. Hoover as Presidential nominee. In the Congressional campaign of 1918 he urged the election of a Democratic Congress. He said, 'I'm for President Wilson's leadership not only in the conduct of the war, but also in the negotiations of peace, and afterwards in America's burden in the rehabilitation of the world.'

"Mr. Hoover in 1920 sought, and was willing to accept the nomination for President on the Democratic ticket. After he was convinced that he could not receive the Democratic nomination, he declared; 'I must vote for the party that stands for the League of Nations.'

"Eight years ago when he assumed President's Wilson's policies were popular he was willing to capitalize those policies if the Democratic party would nominate him.

"Mr. Hoover was a part of President Wilson's Administration. He served as President Wilson's food administrator and as a member of his War Grain Council. During the war Mr. Hoover was chairman of the U. S. Grain Corporation that beat down down the price of the farmers' wheat. He was also chairman of the United States Sugar Equalization Board which boosted the price of sugar.

"I point out the fact in proof of his close association with President Wilson, which no doubt led Mr. Hoover to believe he was the logical successor to the President as Democratic nominee for President.

"The only difference between Governor Smith and Mr. Hoover is a period of eight years. Governor Smith has been consistently a Democrat; Mr. Hoover has been willing to embrace either party for the Presidential nomination."

Interesting Relics

A London woman says she has in her possession the first pair of rubber galoshes ever made in that country. They could never have been worn by anyone, however, for each shoe is only two inches long. They were made for the great exhibition of 1851 to show the possibilities of rubber as a waterproof material.

Flies are dangerous. They are also the filthiest insect known. They deposit germs in three ways. By contact, vomit spots and excreta. They taint everything they touch. FLY-TOX kills flies. It is safe, stainless fragrant, sure. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. FLY-TOX is the scientific insecticide developed at Melon Institute of Industrial Research by Rex Fellowship. FLY-TOX brings health, comfort and cleanliness.—Adv

IN MEMORIAM

In sad and loving memory of my dear mother, Mrs. Elizabeth T. Carroll, who departed this life 6 months ago, September 16.

Short and sudden was the call,
Of our dear one, loved by us all,
The blow was great, the shock severe,
We little thought death so near,
Only those who have lost can tell
The pain of parting without farewell.
Nobody knows my longing,
But few have seen me weep,
I shed my tears within acking heart
While others are sound asleep.
I often sit and think of you,
When I am all alone;
For memory is the only friend,
That grief can call it's own.
A happy home we once enjoyed,
How sweet the memory still
But death has left a vacant chair
That no one in this world can fill.

Her daughter, Mrs. Edw. T. Freeman.

THE CIGAR THAT BROUGHT THE NICKEL BACK

Have you surrendered to the idea that five cents can no longer buy an enjoyable cigar? Here's one that not only disputes that idea, but gives your nickels the biggest cigar-buying power they *ever* had: *Havana Ribbon.*

So enormous is the production of this widely known favorite that the manufacturers are able to use tobaccos you generally find only in higher priced cigars. Think of it! . . . No bitter, raspy *under*-ripe top leaves of the tobacco plant. No flat, insipid *over*-ripe bottom leaves. No crumbling "scraps." Long-filler, *fully*-ripe middle leaves from heart to wrapper! Know what that means? A smoke so true, smooth, fragrant, flavorful and mellow-mild you'll scarce believe your taste. Man, find, beg or borrow a nickel! Do a quick-step to the nearest cigar counter and sail into a *Havana Ribbon!* Better still, corral a quarter, buy a *Practical Pocket Package* of five and make the whole day a song of smoke contentment.
