100 DOLLARS REWARD.

Ranaway from the subscribers on Thursday, the 15th Dec. NEGRO DENNIS, who calls himself Dennis Franklin—about 22 years old, remarkably black; smooth skin, has very white teeth, square made, a stout fellow; between 5 feet 8 or 11 inches high; is apt to smile or look pleasing when in conversation; stoops a little; has rather a down look; has generally a slovenly, lazy walk, but can be very active if so minded; is a very expert theif; can saw at the whip saw both bottom and top; has been accustomed to working in timber, going by water, and on plantation—each of which employments he can perform. He has several free relations and acquaintances in Baltimore, he may attempt to ship on board of some vessel, or make for the adjoining state, and it is very probable may have procured a pass from some other free person near his size, or have a forged pass of some kind—if he is well dressed it is likely it is in summer clothes; his dress when he ranaway cannot be at present described, more than he had on a fulled cloth jacket, much worn, of a drab colour. If taken within Anne Arundel county, 10 dollars will be given, if in Baltimore county 20 dollars, if out of Baltimore county, and in the state 50 dollars, and if out of the state the above reward if lodged in any jail so that the subscribers get him again.

FAIRLAND FOR SALE.

The subscriber offers to sell that well known and highly

VALUABLE ESTATE,

Whereon he resides, containing about 1000 acres of Land, which for fertility of soil and other estimable advantages can be equalled by few tracts of the same dimensions in the state of Maryland.
More than 400 acres of this farm are meadow land; a large proportion of which is of the very first quality and in a state of good cultivation, producing annually luxuriant crops of most excellent Hay. The Patuxent, a large, gentle and constant stream, runs through the land, and by its occasional overflowings renders the beautiful and extensive meadows on its banks perpetually fertile.
On this stream are erected a Stone Merchant Mill and Saw Mill now in operation, and in good repair. Their distance from Baltimore and Washington are respectively 18 miles. The new Turnpike road connecting those cities runs by these mills, divides this farm very handsomely, and affords eligible scites for dwelling houses.
The upland is admirably well situated, part thereof highly improved, and the residue well adapted to farming, planting or grazing. There is Woodland amply sufficient for timber, fencing and fuel. It is well supplied with springs of excellent water, and for healthiness of situation cannot be exceeded in this part of the country. The terms may be known and other information had on application to
