HEALTHFUL NOT TO WIPE DISHES

Housewives who dislike to wipe dishes now have an excuse for avoiding the task.

Warning that the use of dish towels leaves germs on dishes, Dr. W. A. King, San Antonio health officer, advises it is healthful and not lazy to wash dishes in hot soapy water, then place them in a rack, scald them and leave them to drain and dry.

ORDER OF PUBLICATION

Margaret Schultz Carrick
vs.
John C. Lipsey and Elen C. Lipsey, his wife; William J. Carrick, Jr., and Mildred Moore Carrick, his wife; Evelyn L. Carrick and Charles Edwin Carrick.

In the Circuit Court for Kent County.
In Equity, No. 2637.

The object of the Bill filed in the above entitled case is to procure a Degree declaring Margaret Schultz Carrick as the sole, absolute fee simple owner of the property mentioned in these proceedings to the exclusion of all other persons mentioned in these proceedings.

The Bill states:

1. That on or about the 11th day of July, 1918, your oratrix, Margaret Schultz Carrick, purchased from Martha A. Ashley and John E. Ashley a certain tract of land and the improvements thereon situate, lying and being at or near Piney Neck, Kent County, State of Maryland, at and for the sum of fifteen hundred dollars. Said tract of land is more particularly described as follows:

Beginning for the same at a stone set up at the northwest corner of the said tract and running from thence with the line of William Glenn's land, south sixty-nine and a half degrees east twenty-five perches to a stone, then south twenty-one degrees west to the waters of a creek or cove commonly called "Dockton's Cove," then running the several meanders of the said cove to the intersection of the line of Grant's land, thence with that line to the intersection of the line of Hubbard's land, then with that line to the beginning and containing nineteen acres, three roods and thirty-four perches of land, more or less.

2. That at the time of the purchase of said property your oratrix was a single woman having no one depending upon her, and being befriended with the family of William J. Carrick then residing in Baltimore City, Maryland, your oratrix decided to have the Deed to said property taken in the name of herself and William J. Carrick as joint tenants and not as tenants in common; and your oratrix not having sufficient experience in such matters left the details in perfecting the title to said property to said William J. Carrick, who employed at the expense of your Oratrix a conveyancer to prepare the necessary Deed for said property which was accordingly done and a Deed executed at the home of the said Martha A. Ashley and John E. Ashley, said Deed being dated the 11th day of July, 1918, and is recorded among the Land Records of Kent County in A. P. R., No. 3, folio 411, a copy of the original thereof will be produced in evidence at the hearing of this case. Whereupon your Oratrix took possession of said property and has made the same her home where she has resided ever since conducting the same as a poultry farm.

3. That on or about April 26, 1919 your oratrix inter-married with one Henry Saurland, a brother-in-law of the said William J. Carrick, who also resided on the said property of your Oratrix and herein mentioned until your Oratrix was divorced from him sometime in the month of February, 1925, by virtue of a decree passed in the Circuit Court for Kent County.

4. That thereafter, to wit: on or about March 6, 1926, your Oratrix married the said William J. Carrick and after said marriage they resided as husband and wife upon the property herein mentioned until on or about the 26th day of April, 1926, when said William J. Carrick departed his life leaving surviving him your Oratrix and the defendants, Ellen C. Lipsey, William J. Carrick, Jr. Evelyn L. Carrick and Charles Edwin Carrick, children by a prior marriage.

5. That shortly before the death of William J. Carrick it was discovered that at the time of the purchase of the said land herein mentioned by your Oratrix by inadvertance, oversight and mistake that the said property was erroneously titled in the name of Margaret Schultz and William J. Carrick, as tenants in common and not a joint tenants, contrary to the wishes of your Oratrix and contrary to the instructions given to the conveyancer of your Oratrix's said land and steps were taken immediately to correct this error, mistake and oversight but owing to the illness and the untimely death of said William J. Carrick this error could not be corrected.

6. That the defendants, Ellen C. Lipsey and John C. Lipsey, her husband; William J. Carrick, Jr., and Mildred Moore Carrick, his wife; Evelyn L. Carrick and Charles Edwin Carrick are all the parties in any wise interested in the property herein mentioned; that they are all of legal age and are non-residents of the State of Maryland and according to the information received by your Oratrix all are residing in New York City, State of New York, with the exception of William J. Carrick, Jr., and Mildred Moore Carrick, his wife, who are residing in the City of Chicago, State of Illinois.

7. That the said defendants have heretofore instituted proceedings in this Honorable Court seeking the partition of an alleged interest of said William J. Carrick in the hereinbefore mentioned property belonging to your Oratrix among all the parties in any wise interested therein, entitled "John C. Lipsey, et al, vs. Margaret Schultz Carrick et al," which said proceedings are hereby referred to and prayed to be taken as part hereof.

It is therupon, this 1st day of October 1930, ordered by the Circuit Court for Kent County, in Equity, that the plaintiff by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 3rd day of November next, give notice to the said John C. Lipsey, Ellen C. Lipsey, William J. Carrick, Jr., Mildred Moore Carrick, Evelyn L. Carrick and Charles Edwin Carrick, non-resident defendants, warning them to appear in this Court in person, or by Solicitor, on or before the 17th day of November next, to show cause, if any they have, why a Decree ought not to be passed as prayed.

Historic Buildings in City of Philadelphia

Its wealth of historical landmarks and associations and its close proximity with other cities and places of interest on the east coast places Philadelphia on the main roadway of eastern tourist travel. To the visitor interested in the nation's history this city offers associations which are identified with it alone and which distinguish it among all other American towns. Chief among these is independence hall, where the Liberty bell reposes and within whose walls the Declaration of Independence and the Constitution of the United States were drawn and signed.

Many of the most interesting old landmarks are confined to a small area on the central part of town, among these being Carpenter's hall, meeting place of the first Continental congress; the BetsyRoss house, where the first American flag is said to have been made and old Christ church, place of worship of Revolutionary heroes and in whose graveyard lies the body of Benjamin Franklin. Congress hall is another point of interest.

Academic caps and gowns are not to be sniffed at. The caps make excellent ash trays and the gowns can be worn over abbreviated bathing suits.

Report Of Local Health Department

226 visits were made during the month by the two nurses. This figure represents 107 separate homes which have received attention from the nursing staff of the County during September.

At the regular monthly Tuberculosis Clinic which was held at the Health Center with Dr. O'Neill in attendance, two white and three colored patients were examined. An application was made for one colored case to go to Henryton and the death of a white patient was reported. One colored patient died in August and another in September from Tuberculosis.

The pre-school Clinic was held for the white children at the Health Center and for the colored at the High School. Dr. Mason Knox, Chief of the Bureau of Child Hygiene, examined the children and expressed his pleasure at the improved condition found among the pre-school age children of today in Kent as compared to several years ago when the work was first begun by the State as a result of the Federal aid made possible by the Sheppard Towner Act. Maryland was one of the progressive states which made an appropriation at the time so that the expiration of that Act at the end of a ten-year period would not halt the work of the State Bureau of the Child Hygiene.

Ten patients were operated upon for he removal of tonsile and adenoids at the local hospital during month and all were discharged in good condition. The hospital which has served the County well during its short life of two years has been discontinued.

One case of scarletina and one of typhoid were reported and visited. All customary precautions were taken in each case to prevent the spread of the disease.

Miss White started a class in Home Nursing with the Fairlee Girls' Club. Meetings are held every Monday and Thursday from 3.30 P. M. to 4.30 P. M. The members are much in earnest in their work and meetings are well attended.

One four-year old child was committed to Rosewood, the State School for the mentally deficient. Rosewood gets splendid results and ofter in able to tarin children so that they are capable of filling a place in the world and be independent.

A second commitment was one boy, thirteen years of age, to the Maryland State Training School.

Two German children were brought from a home in Salisbury and placed with their aunt in Baltimore.

Hospitalization reported for the month included two colored patients who were sent to Easton Hospital for X-ray and a third who was admitted to the Easton Hospital for a surgical operation.

A review of the work for the month shows that the duties of the county nurses must of necessity lap over into the field of social service. Death and separation of man and wife are presenting several serious problems in families in Kent that have come under the observation of school and public health authorities. In such cases the children can not be left to shift for themselves and every effort is being made by these agencies to provide suitable homes.

The need for warm clothing is expected to be greater this year than formerly and public spirited countians are asked to contribute outgrown garments that may be in good condition to the Health Center so that they may be distributed by the nurses where there is the greatest need.

The resignation of the county nurse, Miss Marjorie White, has been received by the Executive Committee of the Kent County Public Health Association and will be accepted with great regret as Miss White has been a loyal and hard working member of the Public Health Staff of the County.

Bright Jap Youth Tells All About the Banana

Japanese descriptions arealmost always good for a few laughs. One of the latest is the theme of a little Japanese schoolboy in the Sacramento valley. The subject was "The Banana" and the little fellow wrote:

"The banana are great remarkable fruit. He are constructed in the same architectural style as the honorable sausage. Difference being skin of sau sage are habitaually consumed while it are not adviceable to eat rapping of banana.

"Banana are held aloft while consuming; sausage are usually left in reclining position. Sausage depend for creation on human being or stuffing machine while banana are pristine product of honorable mother nature.

"In case of sausage both conclusions are attached to other sausages; honorable banana on other hand are joined on one end to the stem and opposite termination areenirely loose.

"Finally, banana are strictly member of vegetable kingdom while affiliation of sausage is often undecided.
