The Interstate Commerce Commission has approved the application of the Chesapeake Beach Railway Company for permission to opperate a ferry between a point on Tripps Bay, in the Neck District, Dorchester county, and Chesapeake Beach, in Calvert county.

The company, it is said, will proceed with plans for the building of terminals at both ends of the proposed route and contracts will be let for the building of two large ferry steamers.

No State Wide Primary For Md.

As far as the four State offices to be filled at the November elections are concerned, the State-wide primary on September 8, might just as well be done away with. The legal time for filling certificates of candidacy has closed, with a completed ticket in the field for both parties and no opposition candidates.

The Democratic ticket is headed by Governor Albert C. Ritchie, seeking his fourth term, and the others seeking re-election are Thomas H. Robinson, attorney general, William S. Gordy, State Comptroller, and Charles H. Young, clerk of the Court of Appeals.

Mayor William F. Broening, of Baltimore, is the sole official aspirant for the Republican gubernatorial nomination, David A. Robb, Cumberland, seeking the attorney generalship, William N. Jackson, Salisbury, after the comptrollership and Dr. C. S. Warner, of Belair, a candidate for clerk of the Court of Appeals, complete the State ticket.

The two State slates were the outcome of much rumblings of opposition. Anti-Ritchie forces went so far as to place David G. McIntosh, Jr., president of the State senate in the field but he later withdrew.

Mayor Broening filed long after Governor Ritchie had announced his candidacy for another term, after Mr. Robb, former State senator contended himself with the attorney-generalship candidacy.

A. Stengle Marine, of Cambridge, and Jerome Jefferson, of Federalsburg, have filed for the Republican nomination to oppose T. Alan Goldsborough.

Idea of Liberty Imbued in Youthful Colonials

The subject of coasting inevitably recalls the ancient tale of the ashes on the slide, of pre-Revolutionary days in Boston. That yarn is given, in its original and presumably authentic form, in a letter written by John Andrews of Boston to William Barrel on January 29, 1775. Andrews wrote:

" . . . Shall close this by giving you a small anecdote, relating to some of our school lads—who as formerly in this season improv'd the coast from Sherburn's hill down to School street.

"General Haldiman, improving the house that belongs to Old Cook, his servant, took it upon him to cut up their coast and fling ashes upon it. The lads made a muster, and chose a committee to wait upon the general, who admitted them, and heard their complaint, which was couch'd in very genteel terms, complaining that their fathers before 'em had improved it as a coast from time immemorial, etc. He ordered his servant to repair the damage, and acquainted the governor with the affair, who observed that it was impossible to beat the notion of liberty out of the people, as it was rooted in 'em from their childhood."

The house of Gen. Frederick Haldiman, who couldn't have been such a bad fellow, was on School street at the present site of the City hall, as a tablet on the fence tells today.—Boston Herald.

The highest mountain peak in the southern states is El Capitan, in western Texas, which rises to a height of more than 9,000 feet.

ONE REGISTRATION DAY PRECEEDING PRIMARY ELECTION

Kent county voters who are on the county poll books will be entitled to cast their ballotts here on September 8, regardless of their present residence.

Those who have moved from one district or precinct to another, within the county need not transfer, except for the geeral election in November.

Those who have moved into the county from other sections of Maryland six months prior to the general election, may obtain transfers from their former voting places to Kent.

Those who have moved into the county from other states and who will have been residents for twelve months prior to the general election, also may register. The declaration of intent is no longer necessary under the law. Those seeking registration may furnish certificates from two witnesses that their residence has been here for one year.

Those seeking to transfer from any other section of Maryland to Kent county, may apply for the transfer through the Board of Election Supervisors, provided this action is taken not less than 15 days before the primary. After that time transfers must be obtained personally on registration day, Tuesday, Sept. 2.

There will be but one registration day before the primary—Tuesday, September 2.

POWER
SPEED
USEFULNESS

WE have seen many tractors in our experience, but never before anything that comes even close to approaching the new Case Model "C" Tractor.

Here you have every advantage to make tractor farming still more profitable. You have power to pull 2-3 plow bottoms, a small to medium size thresher with all attachments, or other machines of like capacity. You have compactness and light weight. The tractor stands only 48 inches high, weighs but a trifle more than two draft horses. You have three forward speeds, 2⅓, 3⅓ and 4½ miles an hour.

Because of these advantages, there is practically no limit to the versatility of the Model "C". You can use it for more different kinds of work—more days in the year. You can take it into the field when a heavier machine would be useless. You can speed up every farm operation. Not least in importance, you can get into corners and tight places, because the tractor turns short and with far more ease than is customary.

Est. 1842

Never before have you been able to get a tractor with this combination of power, light weight, size, speed and ease of handling. By all means, come in and look it over.

FAIR VERDICT

Judge: And explain, if you can, how you happened to crash into a telephone pole!

Motorist: Well, your honor, I was trying to see what time it was . . .

Judge: That's no excuse! If you'd had a Gruen strap watch on your wrist, you could have kept your eyes on the time and the road, too.
