REAL FOOD FOR REAL MEN

Major General Malin Craig is probbably doing more to revive the dairy industry than all the political cure-alls ever proposed. In making an inspection of a Vancouver, Washington, barracks company kitchen, the second question he asked was:

"Do you serve milk as a regular ration " When told, "No, sir," he replied, "That's too bad. You should do it for it's a wonderful food and the men like it."

In the next company kitchen, after the preliminary questions, he said:

"You serve milk for meals."

"Yes, sir, for breakfast, sir."

"Enough so each man can have a glassful "

"Yes, sir, a second if he wants it, sir."

"Say, that is fine. Milk is the best food soldiers can have. Any kicking on the meals, Sergeant?"

"Yes, sir, a little bit, but it doesn't amount to much, sir."

"That's fine. If there isn't any kicking, look out because there will be something seriously wrong with the men."

General Craig is a real old-time fighting cavalryman and instead of merely advocating milk for babies andsick people, he is insisting upon it being served daily to the men in his department of the regular army.

"Charlie Chan Carries On" Is Here June 29-30

An elderly millionaire strangled in his bed in London—a theatrical producer killed in a garden in Nice—an actress shot in an elevator in San Remo—and the killer was one of a party of twelve round-the-world tourists. But which one?

This is the problem that takes a Scotland Yard inspector halfway around the globe, that later makes him a victim of the mysterious murderer, and that finally brings the smiling, brilliant Chinese detective, Charlie Chan, into the case with exciting results in "Charlie Chan Carries On," Fox Offering which comes to the New Lyceum Theatre on Monday and Tuesday, June 29 and 30.

This vivid screen version of Earl Derr Biggers' well known story is said to be one of the most intriguing and unusual films of recent months, with its mystery always convincing and a charming romance running through the plot. Warner Oland, whose portrayals heretofore have always been of villains, reforms in this offering and plays the title role, while John Garrick and Marguerite Churchill have the romantic leads. Warren Hymer and Marjorie White supply most of the laughs as the Chicago gangster and his wife. Hamilton MacFadden directed.

Consider your Adam's Apple!!★
Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

When you visit your physician for your periodic health examination, one of the very first things he asks you to do is to open your mouth wide, and to say "Ah." He is examining the delicate lining of your throat. "Ah!" There is not a man or woman who could even make this simple sound, if in the throat there were no Adam's Apple. For your Adam's Apple is your larynx—the voice box containing your vocal chords. And what a delicate piece of Nature's handiwork the Adam's Apple is. A slight cold—even a tiny particle lodged in the throat—and our voice often grows husky. In acute cases, we may even lose our voice for several days. Don't rasp your throat with harsh irritants—Reach for a LUCKY instead—remember, LUCKY STRIKE is the only cigarette in America that through its exclusive "TOASTING" process expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. No wonder 20,679 American physicians have stated LUCKIES to be less irritating. LUCKIES are always kind to your throat. And so we say "Consider your Adam's Apple."
