ROCKDALE ASSOCIATION TO HOLD MEETING.

A meeting of the Rockdale Community Association will be held Monday night at the home of James A. Marriott, Jr., Liberty road, near Rolling road, at 8 o'clock. The purpose of the meeting is to complete the organization of the Association, which was started by a number of the residents and taxpayers of that section of Baltimore county last week.

William and James Marriott, who have had petitions for signatures to be presented to the County Commissioners demanding a new school for Rockdale, will report the number of names obtained.

$13,000 MARK NEAR IN BLIND VETS' DRIVE.

Receipts from an exhibition of World War trophies are expected to increase local contributions toward the veterans' $1,000,000 fund to approximately $13,000.

The exhibit is directed by the Service Star Legion, War Mothers of America, sponsors of the nationwide drive to provide the blind veterans with a home and recreation center near Catonsville.

Originally it was intended the campaign should continue only a week. But because early returns were disapointing it has been decided to continue a canvass for funds until the desired amount has been subscribed.

Contributions may be taken or mailed to the Baltimore headquarters, to the Evergreen School for the Blind, or to William T, Hemsley, Northeast branch of the Calvert Bank, Gay and Monument streets. Hemsley is national treasurer of the campaign.

COFFEE HIGHEST SINCE 1921 RECORD BECAUSE OF SHORT CROP.

Coffee, December delivery, sold on the New York Coffee Exchange at 20.25 cents a pound. This, with the exception of the year 1921, is the highest price in 75 years.

The great advance in price is due primarily to the shortage of the Brazilian crop, but the situation is aggravated to some extent by the Brazilian Government's control of the exports of the bean.

REISTERSTOWN ELECTRIC SERVICE LINE APPROVED.

The Water Board at a special meeting recommended the Board of Estimates grant a license to the Gas and Electric Company to lay a high-tension line across Water Board property near Gunpowder river. The line will extend from McCalls Ferry to Reisterstown, running east and west across Baltimore county.

About 13 towers will be erected on city property. Because of a feeling these towers would destroy the beauty of the property a number of residents of Baltimore county protested against the erection of the line. It is believed these objections will cease with selection of the new route for the line.

P. MACAULAY BIRCKHEAD DEAD

P. Macaulay Birckhead, 73 years old, of Catonsville, died of bronchial pneumonia after a brief illness. Mr. Birckhead had been in the insurance business in Baltimore for a number of years. He was stricken last Saturday.

Mr. Birckhead was the son of the late James Birckhead and Mrs. Elizabeth Macaulay Birckhead. His nearest surviving relatives are three first cousins, Lennox Birckhead, Mrs. Robert Tucker and Miss Katherine Taylor.

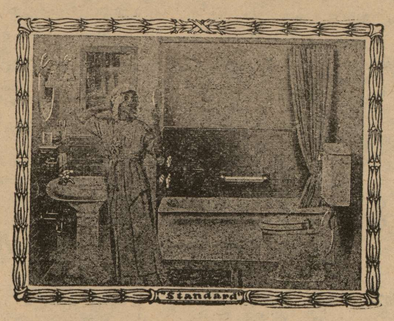
HAD TO LET HOUSEWORK GO
So Ill Husband had to do the Work. Completely Restored to Health by Lydia E. Pinkham's Vegetable Compound

South Bend, Indiana.—"I was all rundown, tired out, and had pains in my back and bearing-down pains. I was so sore I could hardly drag myself around and was not able to do a bit of housework. My husband worked all day in the shop, and then came home and helped me at night. The doctors said I had female weakness, and there was no help but to be operated upon, and of course that would cost us a great deal. My husband heard about Lydia E. Pinkham's Vegetable Compound at the factory and one night he stopped at the drug store and bought me a bottle of it. I had begun to think there was no help for me, but I took three bottles of it and now I feel like myself once more. The price for three bottles wasn't so much as the doctor had charged. I cannot praise Lydia E. Pinkham's Vegetable Compound enough."—Mrs. DORA OSBORNE, 430 Sherman Avenue, South Bend, Ind.

Women troubled with female weakness should give Lydia E. Pinkham's Vegetable Compound a fair trial—now. For sale by druggists everywhere.



Bathroom in a Space Only Five Feet Square

PLUMBING—Here is the way in which you can save money. When a leak developes in your home or a faucet needs repair, try to find out before you call us, the exact nature of the work to be done.

HEATING—It is our business to advise users of heating plants how to get the most heat from the least fuel. This advice is free of charge.

WATER SYSTEMS—If you live in the suburbs beyond the reach of a public service, the installation of a PAUL WATER SYSTEM will give you pressure at the spigot as also a private Fire Department in your home. No more worry—no more drudgery—no time and labor lost to fill the tank—it's automatic.

SEPTIC TANKS—Do you actually realize what this means? Are we not careless about our own health and more generally the health of our families? When they are taken sick, it costs money, and a Septic Tank is a safeguard of health—and the cost is very low. It requires no attention after instollation.

HOT WATER EVERYWHERE—Day or night, plenty of hot water at an automatically maintained temperature, for the bath, toilet, kitchen or laundry. Can give you either style—storage or instantaneous—or we can attach a hot water outfit to your present system.

HOW TO GET US—A postal card or the telephone will enable us to send a representative to see you promptly, for which we make no charge.
