MARYLAND REPUBLICANS PLAN TO VOTE FOR COOLIDGE FOR PRESIDENTIAL NOMINATION

Seven "At-Large" Vacancies For Cleveland Convention Are In Demand—G. O. P. Women Expect To Be Specially Represented At National "Pow-Wow."

One problem, and one alone, has been definitely settled by Maryland Republicans in advance of the Presidential and Congressional campaigns and that is that the State delegation to Cleveland will vote for the nomination of Coolidge for President.

Aspirants in plenty have appeared for the seven "at large" seats in the Cleveland convention. United States Senator O. E. Weller, John W. Garrett and Jacob France have been suggested as acceptable to the present maority in the State organization, although it does not necessarily follow the delegates to the State convention, who are to be elected May , will have a majority of organization men and women.

Former Governor Phillips Lee Goldsborough and former Attorney General Aleexander Armstrong have friends in both wings of the party, but both are attending strictly to their private affairs as far as indications go.

W. Bladen Lowndes wields an influence in Western Maryland which has been generally effective, and has powerful friends in other parts of the State. Henry B. Wilcox of Baltimore has vigorous local support without regard to factional lines.

These alone make up a number sufficient to absorb all the places as delegates-at-large — and there are otheres who would like to have the recognition that goes with the service. Besides there are the Republican women who expect to be specially represented on the delegation.

The number of women who will be sent has not yet been decided. The more aggressive of the sex are inclined to demand two seats at least. In this they are encouraged by the anti-Weller wing of the party. The more conservative women are not disposed to insist on more than one place.

The Congressional district delegates will be nominated, following the established custom, by caucuses of the State convention members from the respective districts and formally elected by the convention.

In the Sixth Congressional District, represented for several years by Frederick N. Zihlman of Cumberland, two other candidates for the Republican nomination have made announcements. They are Thomas L. Dawson, former State's Attorney of Montgomery county, and Josepeh W. Wolfinger of Washington county, former delegate in the General Assembly.

Reno S. Harp of Frederick county is counted as a potential candidate. If, for any reason, Mr. Zihlman should not be a candidate in the primary it is possible his friends may concentrate their support for a dark horse.

THIS BRIGHT BABY GIRL

Brought Joy to Home. Mrs. Price's Health Restored by Lydia E. Pinkham's Vegetable Compound

Scootac, Pa.—"I never felt like working, and when I would try to do any work standing on my feet, I would just drag around all day long. At times I would have terrible pains and would be in bed three or four days. I was in this condition about a year when I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers. I had heard different women say it was good for women's troubles, and my aunt thought it would help me as it had helped her. So I took the Vegetable Compound and it brought things right, and I was in good shape before I became a mother again. I believe it helps at birth, too, as with both my other babies I suffered a great deal more than with this one. I thank you a thousand times for the good your medicine has done me. It has surely made our home a happy one."—Mrs. Robert Price, Scootac, via Lockhaven, Pa.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use.

BALTIMORE CITY MADE DEFENDANT IN $20,000 DAMAGE SUIT AT TOWSON.

Suit to recover $20,000 damages was filed in the Circuit Court at Towson by Lewrence Hickman against the Mayor and City Council of Baltimore for alleged inury to the plaintiff's property on Back River causel by the proximity of the City's sewage disposal plant. It is alleged that a horrible and disease-breeding stench permeates the atmosphere around the plaintiff's property at all hours of the day and night and that "countless multitudes of flies, gnats, mosquitoes and other disease-breeding insects swarm in a veritable plague over and upon the property of the plaintiff, making existence intolerable and rendering the property uninhabitable." It is further alleged that the plaintiff's property, but for the inuries complained of, would be a splendid place for boating, fishing and other purposes.
