introduced in the Legislature for the creation of an Electrical Inspection Department in Baltimore county, and is should be passed. It will provide for an inspector at a salary of $3000 per year; an assistant at $2000 and a clerk at $1800, and it is estimated that the receipts for permits will total at least $10,000 a year, which will be sufficient to cover the expenses of the department and leave a substantial balance besides.

The plan having its origin with the Republicans and having been accepted by the big fellows naturally put the Democrats on their guard and it was soon discovered that the Republican pl
