Two carloads of American Fence has already arrived to meet the season's demands. We have the largest line of fencing in the county. How about that Poultry Fence? We can suit you as we have more different styles than any house in the county. Send for our fence book.

Farm Wagons

The best recommendation our Wagons have is that our competitors try to imitate them. They may give you the same style, but always bear in mind that there is NONE as good as the original. Ours is a shop made Wagon. All irons are forged out in our shops. They are large and strong enough to bear any load the Wagon will carry. Come and look before you buy.

Expert Book-Keeping Taught.

W. H. ELLIOTT, JR., EXPERT ACCOUNTANT, who is now opening up and attending to the corporation books of the PEERLESS FERTILIZER CO., successors to Wilbur W. Hubbard, as also the books of MESSRS. LOFLAND & CULP, who recently purchased the hardware business of the late J. K. Aldridge, desires to state he is about to start a BOOK-KEEPING CLASS for the education of young men in COMMON SENSE BOOK-KEEPING as well as a BUSINESS METHOD of keeping books.

Mr. Elliott wou d be pleased to have any person call on him for an interview at the office of the PEERLESS FERTILIZER CO.

All young men, clerks, men running any branch of business are cordially invited.

The more joining the class the less the expense. All books furnished free of charge, and with business houses he will give personal attention to their particular line and coach whoever attends to their books.

His system is double entry book-keeping, the only true and legitimate manner in which one is able to see and keep in touch with their business.

"A Suggestion."

Better keep a record of your business by a system requiring no more work than what you are doing and be able to see at a glance what progress you are making.
