A HEALTHFUL SIGN FOR THE DEMOCRACY.

The perfectly candid manner in which Mr. W. B. Copper, of Chestertown, makes his announcement as a candidate for Comptroller in the Democratic primaries, without the dictation of or the consent of the State Organization, following in the footsteps of Hon. Blair Lee's announcement of his candidacy under like conditions, certainly looks healthy for the Democratic party in the State. For several years past Democrats with plenty of ability, have hesitated to announce themselves as candidates for State offices without first having the O. K. of the State Machine. Several years ago the "nerve" of Hon. Edwin Warfield in announcing himself as a candidate for Governor without first having the approval of the State Organization was marvelled at by the then "Powers," and Mr. Warfield was given a decent licking for his rashness. His candidacy, however, took such hold on the people of the State that four years later the State Organization was forced to accept him and he was elected by a rousing majority. The aggressiveness and boldness of Blair Lee three years ago in daring to announce himself as a candidate for Governor in opposition to the wishes of the State Organization aroused all kinds of criticism against Senator Lee and the State Organization went through several weeks of fits and nerves before it was able to settle down on Senator Gorman as the man to defeat Lee in the primaries. The margin was so small and the defeat of Gorman at the general election was so pronounced that the State Organization received the most serious slap in the face since the election of Lowndes in 1905.

Senator Lee has again braved the displeasure of the Organization by making his annoucement a second time as a candidate for the Democratic nomination, and now comes Mr. Copper with a straightforward announcement which really contains some most excellent recommendations as to a platform upon which he would run as the candidate for Comptroller. Mr. Copper is the first Democrat in the State to announce himself as a candidate for this important office and there can really be no excuse for the State Organization opposing him except that he had dared to make his announcement without its O. K. Word comes along, however, that Mr. Copper is to be opposed by the Organization and that some gentleman in Western Maryland will be brought out as "the Organization Candidate for Comptroller." The same old policy of rule or ruin which put the State in the Republican column three years ago seems to be the policy of the Organization this year. If we are not mistaken in the public feeling, however, the State Organization will have the fight of its life and is facing certain defeat in its effort to force upon the people this year candidates for Governor and Comptroller who are tagged with the label "made by the Organization." The Democrats of the State are to be congratulated that we have as members of our party men of the caliber and vigor of Blair Lee and Mr. Copper. The State Organization should really hail with delight the candidacies of such Progressive and Independent Democrats, and if the said Organization were possessed with ordinary intelligent leadership men of this stripe would be accepted with pleasure and there would be no necessity for a fight in the primaries.

Mr. Copper in his announcement comes out strongly in favor of divorcing the office of State Comptroller from active participation with politics and thus give the Comptroller the time necessary to give to the duties of his office in handling the State's finances, showing conclusively that he is not controlled by the desire to be elected for the purpose of building up a political machine. He is a banker by profession and he would make a name for himself by placing the Comptroller's office on a business basis and in managing the State's affairs so that there could not possibly arise the present serious situation of having a depleted State Treasury and appropriations calling for a million dollars more than the State has in its Treasury with which to pay. Everybody who is familiar with politics in this State knows that such conditions are brought about by having too much politics played in the Legislatures and in being too free with the taxpayers' money in paying political debts and in serving political interests.

The tax-payers of Maryland are vitally interested in seeing men of the character and vigor of Blair Lee and Wm. B. Copper nominated for these two important offices. The appearance of men like these two as candidates for the office of Governor and Comptroller without first getting the O. K. of the State Machine is the most healthful sign of new life in the old Democratic party we have seen for some years.—Ex.

Harry Hodgkin, merchant, Mill St., Chestertown, says: "I had various symptoms of kidney trouble. Pains through my loins annoyed me and the kidney secretions were irregular in passage. My supply of Doan's Kidney Pills was procured at Toulson's Drug Store, and they made me feel better in every way."

Mr. Hodgkin, is only one of many Chestertown people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask *distinctly for Doan's Kidney Pills*, the same that Mr. Hodgkins had—the remedy backed by home testimony. 50c all stores.
