Totals	$3,771,026.09	$3,225,856.62	$545,169.47

As will be seen by the above statement, the Individual Deposits of the Five Banks of Kent County have increased during the past year $545,169.47. Of this increase the Third National Bank has increased $317,498.81, while ALL other Banks (combined) have increased $227,670.66.

This institution is now the Second Largest Bank on the Eastern Shore. We paid $35,775.54 to our Savings Depositors for Interest on their Savings during the year 1918. At the close of business, January 15th, 1919, our Savings Deposits were $1,106,520.15, larger than ever before in the history of the bank. This splendid showing is made notwithstanding the fact that our Savings Depositors, Patrons and Friends bought through this bank during 1918—Liberty Bonds amounting to $331,950.00.

The Third National Bank has certainly set a high standard for itself in the every-day conduct of its business. We will be pleased to have you call at the bank and talk over your banking matters. Everybody treated alike.

Very respectfully,

WARNING TO CONSUMERS OF WATER IN CHESTERTOWN

On Saturday, Jan. 4th, 1919, we stopped pumping at the plant with 82 lbs. pressure, which is stand pipe and tank full of water—112,000 gallons. At 3 a. m. this was all gone. Wasted by patrons who allowed their faucets to run on account of the cold night. The Board wants to warn every person who does this that they are endangering every building in Chestertown in case of fire. We wish to call **special attention to Abuses Prohibited** Rules No. 2 and 6, page 10, and 11 of the company which absolutely prohibits this practice. Should there be no water on account of this waste we want the people to know who is responsible. To those who continue this practice it may be necessary to cut off their supply to protect the safety of the property in the town.
