1767 Samuel Ringgold incoming letters SIDE ONE 1994

Dear Sir

Chester Town 22d August 1767.

I am obliged to go to Philadelphia to do some Business for our E. & shall set out on Sunday next & as I shall not have Time to go again at the October Meeting I shall buy the few Things I want in my House & make one Trouble of it. If you have any Thing to do there it will give me Pleasure to execute your Commands which you may transmit me by the Post. Johnny Hynson desires me to ask you whether the Horse you were speaking to him about can repeat the Heats what weight he can best carry or is most used to & whether the Owner will trust him to the Hands of a careful Person a few Weeks upon Loan. You'll please write him an Answer to these Querries & inclose it to my Father by Rock Hall as soon as convenient. Polly desires me to tell you that Nancy wants some Gowns for every Day's wear as she has none but one that is decent besides her best & requests you'll be so kind as to send over 6 yds of each piece of the Cotton that you had come in. You'll please send at the same Time 2 Ounces of Bark for Nancy to take agreable to Doctor Stots Directions. I have the Pleasure to tell you that Polly is better now than she has been for a long Time & Nancy is very hearty as we are all here except my Mother who is complaining a little owing to the fatigue of a large Family & the Care of my Aunt's Children. We all desire to be respectively remembered to you & your Brother & Friends

I am D.r Sir

Your most Affect.e & obliged

Wm. Ringgold Jr.
