SIDE TWO

takes it up, the Irish Horse is very strong and larger than Selim he yesterday ran away with his Rider and they say went very fast. Iwas not on the Turf OD England not yet made his appearance, I think there will be little to do the first Day The Arabian colt, will not start till Saturday. I am informd there are several Bitter Colts & Fillies for the Ladys purse Chatham is much thought of and if he wins may be sold well, one to ten, is offerd that Mr Galloways Horses win two days, no bad Bet could it be got, but every body are afraid of Selim and any thing that comes from him they now say they shall have no sport the first Day I am of there opinion Selim may really win in a Canter.

I attended the Sale of the Lands be on thursday last, the Housey was put up, at 200£ nobody bid as you may imagine nothing else offerd to sale afterwards the next Day Dr Kearsley who is his Friend and comes from his part of the Country, came to me and proposed a meeting between us, to have some of Each of our Friends present he make no doubt but we shall settle. I have not met him yet and I think I will not till you come to Town. I do not chuse to appear too fond of purchasing I think he begins to be afraid I will not buy at any rate, he imagines my comming to Town was to bring Selim my comming to Town was to bring Selim

This comes by Mr Lowe with three Hundred pound as I have had no other opportunity could not send it sooner.

Andrew Allen not yet come to Town, I was out at Trentown for two Days with Mr Dick Penn, Dr Lawrence &c. on my coming to Town Mr Penn insisted on my lodging with him and had before desired Mrs Mifflin not to provide a Bed for me. Mr Chiss family are out of Town but will be in at the Races. I shall expect by this post to hear from you, when you will be up and I hope a more favorable account of your Horses. If any thing offers and there is a probability of your not being come away I will write you again by the post. all the care is taken to keep the Horses from the distemper, I was afraid any Horse had it but he is now very well I had him plentifully Bled. I am Dr Brother yours most affectionately

J Galloway
