CORRESPONDENCE 1767 Samuel Galloway incoming letters MS. 1994

SIDE ONE

Dear Sir

Chester Town 11th Decr 1767

Yours of the eighth Instant was handed to me by Robt Norris who we were very glad to see. My Father wrote you respecting the Iron Scheme on Monday by the Packet which Letter I suppose you have got before now. I shall write to Mr Carle on Saturday by the Post & shall desire him if he can make it suit his Convenience to go to Choptank before Christmas to write you & advise me of it & I will meet you as before proposed.

I hope Ben will make an Improvement at Eaton equal to your utmost Wishes, as Mr Dulany advises his Removal there I make no doubt but it is most prudent. Price is now in great forwardness & if the Weather should not be ~~[illegible]~~ uncommonly severe we shall get him away before Christmas. He would have sailed in a Week from this Time had not he waited for the Iron. — I am very glad your Brother has settled his Business so much to his Satisfaction & sincerely hope it will turn out a very Valuable Estate to him. The Goodness of the Land with the Advantages attending ~~its Situation~~ seem to want nothing but a little Application to make them yield a handsome Income. — I have the Pleasure to tell you that Polly is now very well, better however than she has been since the Spring & intends to accompany me to Queen Anns to meet you if you should cross the Bay. The best wishes of us all attend you, Polly joins me in a tender of Filial Duty & I am very sincerely
