To the man who says— "I CAN'T!"

CAN'T? What, you can't spare a few more dollars to help back the Government which has made you all you are; that saved you and your home and the freedom of those that will come after you; and which stands ready to pay you liberal interest for the use of your money? Forget it! There's no such word in the dictionary.

Real Americans say, "I WILL."

Go into this Victory Liberty Loan with true American spirit! Our Boys showed how they can fight—now you show how you can fight with your dollars. Invest to the limit of your cash and resources.
