1774 Feb. 2 Thomas Ringgold to Samuel Galloway

MS.1994.

SIDE ONE

Dear Sir Chester Town 2d. Febry 1774

I wrote you by our Post on Tuesday via Phild. & probably you will receive this before that gets to hand. I therein told you Polly apprehended a sore Breast. I am sorry to tell you that the Inflammation is certainly forming & I fear she will have a very bad Breast of it. This is a very afflicting Circumstance to her & the more so since she is obliged to get a Nurse for her little Boy. He is quite hearty and all else are well. This Opportunity wanting I have not time to add but that I am Sir Your affecte & obliged

Thos. Ringgold

The Weather being now moderating I hope we shall soon see your Brother & Johnny at least
