MS. 1984.

SIDE ONE

Dr Sir Horing Bay. Octob.r yd. 20th. 1774 ——

I have received two letters from Hon.y: before I wrote hop: was in hopes of having a line from yo. which I have been impatiently waiting fop. & indeed that was the reason I did not answer hop letters before. Hon.y has acquainted me with the kind reception she met with from Mr. Chews. Family. which I am extreamly much obliged to them fop. and shall ever acknowledge a due sence of their kindnesses to Miss hop: I find she has been to an Assembly: she is much delighted with the many Polite civilitys shown hop: so that I am afraid you. & she will forget that she is to have the small Pox. I beg that you would Present my best Compliments to Mr. & Mrs. Chew & the rest of the family. not fop getting Mrs. Mifflin & Mrs. Shippy — In the mean time I am Dr Sir yd. vs. very affect.ly

Sam.l Galloway

P S I should be glad you would not forget to show my Respects to Mr. Benj.n Chew. & I shall be glad to know what he may think of Matters ——

I have got a little of the Gout in my Hand I would not have Hon.y Away's Home. untill she is quite well & convenient ——
